

University of Illinois Urbana-Champaign

Student Org Resource Fee Board Meeting

November 11, 2025, at 5:30 p.m.

Anniversary Plaza Conference Room, Illini Union Room 280

Agenda

Call Meeting to Order

Chairperson Koscielski called the meeting to order at 5:47 p.m.

Roll Call

Board Member	Position	Present	Absent	Tardy	Proxy Vote
Alex Koscielski	Chairperson	X			--
Colin Crook	Vice Chairperson	X			--
Briton Rasmussen	Treasurer	X			--
Hitanshi Makwana	Administrative Secretary	X			--
Aram Kirakosian	Finance Secretary		X		--
Hayley Hoppock	Undergraduate Board Member	X			--
Kedar Manda	Undergraduate Board Member	X			--
Devansh Nandwana	Undergraduate Board Member	X			--
Matthew Roalkvam	Undergraduate Board Member	X			Luke Granger (6:31PM onward)
Ayesha Khan	Undergraduate Board Member	X			--
Dylan Sarsany	Undergraduate Board Member	X			--
Robert Sanabria	Undergraduate Board Member	X			--
Noah Frederking	Undergraduate Board Member		X		--
Sam Royer	Undergraduate Board Member	X			--
Indira Bhagam	Graduate Board Member	X			--
Luke Granger	Graduate Board Member	X			--
Janett Matthews	Faculty/Staff Member	X			--
Jaclyn Benekohal	Faculty/Staff Member	X			--
David Mizell	Faculty/Staff Member	X			--
Taylor Mettler	Advisor (non-voting)		X		--
Nick Fink	Administrative Representative (non-voting)		X		--

Approval of Minutes

- Minutes of the SORF Board Meeting held on October 21, 2025.
 - Motion to Approve the Minutes: Board Member Dylan Sarsany
 - Second to the Motion: Board Member Luke Granger
 - Minutes of the previous meeting approved by a vote of 15/0/0

Advisor Report

- Absent

Chairperson Report

- Student Org Storage Updates
- SORF Professional Development Spotlights
- Website Updates
 - Member Biographies
- Noah Frederking has filled the Undergraduate Board Member vacancy

Officer Reports

- Vice Chairperson Report
 - None
- Treasurer Report
 - Overview of the Budget

	Funding Available	Total of Approved Applications	Remainder	Percentage of Total Funding Used
Fall 2	\$ 195,562.30	\$ 188,187.48	\$ 7,374.82	96.23%
Spring 1	\$ 236,094.16	\$ 259,857.14	\$ -23,762.98	-9.09%
Applications to Discuss		\$ 33,457.74	Total funding approved = \$293,314.88	

Student Organization Comments

- This gives student organizations the opportunity to address the Board.
 - None

Funding Allocation Review & Final Action

- At 5:55 p.m., the Board began reviewing, discussing, and voting on applications.
- Fully and Partially Pre-Funded Application Review & Vote
 - Board Member Hoppock moved to approve the fully and partially pre-funded application recommendations. Treasurer Rasmussen seconded.
 - The motion passed by a vote of 14/0/1
- Pre-Denied Application Review & Vote
 - Board Member Sarsany moved to approve the pre-denied recommendations. Board Member Devansh seconded.
 - The motion passed by a vote of 15/0/0

General Business Final Action

- None

Adjournment

- Chairperson Koscielski adjourned the meeting at 6:58 PM.6:58pm

Discussed Programs Summary

App Number	Student Organization Name	Amount Requested	Amount Allocated
2032	Caring Companions Initiative	\$40.00	\$0.00
2018	Game Theory Optimal Illini	\$117.52	\$110.34
2219	Illinois Solar Decathlon	\$5,000.00	\$1,250.00
2239	Illinois Solar Decathlon	\$5,000.00	\$1,250.00
2240	Illinois Solar Decathlon	\$5,000.00	\$1,250.00
2173	Mo's Burritos Club	\$4,999.81	\$3,999.00
2210	Nutritional Sciences Graduate Student Association	\$4,961.04	\$4,066.20
2247	Off-Road Illini	\$4,994.87	\$4,994.87
2220	Palestine Children's Relief Fund	\$1,788.19	\$1,788.19
Total Discussed Programs Requests & Allocations		\$31,901.43	\$18,708.60

Discussed Services Summary

App Number	Student Organization Name	Amount Requested	Amount Allocated
2236	Korean Illinois Football Association	\$1,556.31	\$1,136.34
Total Discussed Services Requests & Allocations		\$1,556.31	\$1,136.34

Programs Fully and Partially Pre-Funded Applications

App Number	Student Organization Name	Amount Requested	Amount Allocated
2017	American Institute of Aeronautics and Astronautics Student Branch	\$784.09	\$784.09
2127	American Institute of Aeronautics and Astronautics Student Branch	\$951.26	\$951.26
2225	American Institute of Aeronautics and Astronautics Student Branch	\$212.00	\$212.00
2143	Arabic Debate Student Association	\$4,112.76	\$1,755.18
2068	Asian American Association	\$2,157.50	\$1,833.87
2187	Bengali Students Organization (UIUC) - Abol Tabol	\$4,711.50	\$2,068.62
2109	Chai Town	\$1,815.00	\$1,452.00
2176	Cheese Club At UIUC	\$480.86	\$480.86
2178	Cheese Club At UIUC	\$481.32	\$360.99
2183	Cheese Club At UIUC	\$408.78	\$408.78
2185	Cheese Club At UIUC	\$399.29	\$399.29
2197	Cosplay Design League	\$269.13	\$269.13
2200	Cosplay Design League	\$203.52	\$203.52

2199	Dancing Illini	\$470.00	\$352.50
2116	Eastern European Illini	\$551.74	\$551.74
2119	Eastern European Illini	\$55.94	\$55.94
2235	Engineers Without Borders, UIUC Chapter	\$113.28	\$113.28
2028	Girls Next Door A Cappella	\$1,558.25	\$1,324.51
2206	Hillel Leadership Council	\$1,150.00	\$862.50
2227	Hillel Leadership Council	\$1,175.00	\$876.26
2081	Illini N Motion Dance Team	\$300.00	\$180.00

2298	Arab American Association of Engineers and Architects	Application not submitted (in draft), No Treasurer SORF 2025-26 Compliance, No President Compliance, No Treasurer Compliance
2300	Women of Color	Application not submitted (in draft)
2302	Illinois Club Golf Team	Application not submitted (in draft), No President Compliance

Spring Services & Programs Funding Period 1

Programs Discussed Applications

Programs Funding App No. 2032 – Caring Companions Initiative

- **Application Title:** Driving To Assisted Living
- **Description:** This volunteering program brings members to the Villa’s of Holly Brook to spend time with residents. To do this, we need drivers since it is an off-campus event.
- **Connection to Mission:** Our club’s mission is to spend time with residents in nursing homes to address loneliness and depressive symptoms. We do this by playing games and talking one-on-one with residents at nursing homes.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** Off Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Programs Table: Travel/Lodging Not Fundable
 - **Assessment – Standards Evaluation:** The funding for gas reimbursements is to fund the bringing of someone onto campus, and then back off again. Because the nature of this funding is to send students off from campus for the program, it is unfortunately not fundable
- **Primary Reviewer 2:** Devansh Nandwana
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** Could be classified as necessary supply to execute programs or be denied as travel off campus (but going to these locations is central to their mission)
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. The application dates are outside of the funding period, and as such cannot be funded. But the question is whether this is a Program or an operational meeting, and whether the gas would have been funded otherwise.
- **Board Discussion:** The gas cannot be funded as it is being used for off-campus travel, as noted by Board Member Royer.
- **Board Allocation Decision & Vote:** Board Member Granger motioned to deny the application due to off-campus travel and out-of-period payments, seconded by Board Member Royer. Motion passes 12/2/1

	Category	Item & Quantity	Total
±	Programming Supplies	Average amount gas cost for 1 driver per semester to the Villas of Holly Brook	\$40.00
		Initial Allocation Request	\$40.00
		Allocation Reduction	(\$40.00)
		Non-Illinois Attendee Reduction (0%)	(\$0.00)
		Fee Charged to Illinois Student Reduction (0%)	(\$0.00)

Off-Campus Event Reduction (25%)	(\$0.00)
Total Allocation	\$0.00

Programs Funding App No. 2018 – Game Theory Optimal Illini

- **Application Title:** P-Themed Party
- **Description:** GTO Illini will be hosting a poker social at the beginning of next semester during our second meeting. This will be a P-Themed party, where we celebrate pizza, Pepsi, and poker, while we socialize and bond over friendly games of no-stakes poker. We are requesting funds for an order of Papa Johns pizza and Pepsi soda drinks.
- **Connection to Mission:** The P-Party will promote the study of poker game theory by creating a relaxed, social environment where members can enjoy no-stakes poker alongside P-themed refreshments. Offering pizza and Pepsi will help strengthen community bonds and foster a welcoming atmosphere for both new and returning members.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Ayesha Khan
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** All line items: Items are not necessary to execution of program and do not connect to mission of "fostering a community of strategic thinking and competitive gameplay"
- **Primary Reviewer 2:** Hayley Hoppock
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable;
 - **Assessment – Standards Evaluation:** Line items 1-6 violate SORF standards: non-essential food and drink. Line item 7 meets SORF standards.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. This organization applied for a similar Program in Fall 1 2025 and was approved. The question is whether the Program is sharing the mission of the student organization (by the definition of "Program").
- **Board Discussion:** The Board discussed whether the Program was related to the mission of the student organization and whether the food was necessary. The Board also noted that only Coke products and/or water may be funded if food is funded in an application.
- **Board Allocation Decision & Vote:** Board Member Sanabria motioned to fund all line items at full consistent with procedural reductions except for line item 6, which cannot be funded according to our Standards on food and beverage funding, seconded by Vice Chairperson Crook. Motion passes 10/4/1.

	Category	Item & Quantity	Total
1	Programming Supplies	L Pepperoni Pizza	18.08
2	Programming Supplies	L Garden Fresh Pizza	21.99

Allocation Reduction			(\$7.18)

Non-Illinois Attendee Reduction (0%)	(\$0.00)
Fee Charged to Illinois Student Reduction (0%)	(\$0.00)
Off-Campus Event Reduction (0%)	(\$0.00)
Total Allocation	\$110.34

Programs Funding App No. 2219 – Illinois Solar Decathlon

- **Application Title:** Illinois Solar Decathlon - Flooring/Carpet Installation Initiative
- **Description:** This program is for the installation of carpet/flooring in the new house built and designed by Illinois Solar Decathlon. This program is essential to the construction of the house, which keeps our organization afloat. ISD needs to build houses every 2 years to continue to stay as a RSO on campus.
- **Connection to Mission:** Illinois Solar Decathlon seeks to lead innovation in design and technology to advance towards an environmentally sustainable future. We bridge the legacy of past Illinois competition projects to the development of future successful teams. For our existing homes, we ensure their continual usage as a research and outreach platform. On campus, we engage in projects and foster relationships to educate and develop our organization. Through our integrated approach, we aim to elevate the standard of Solar Decathlon and ensure a true contribution to green building. This program supports our continued sustainable development.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** Off Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 8: Recruitment and Membership; General Standards 9: Line item over 2500 dollars
 - **Assessment – Standards Evaluation:** This application along with the two other by Illinois Solar Decathlon is for \$5000, and is for quotes for contractors for building a house. We need to discuss which, if any of these should pass (they're all \$5000, so we can only pass 1), and we need discuss which, if any of these should pass (they're all \$5000, so we can only pass 1), and we need to discuss if they are fundable and if General Standard 9 can apply
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Definition: On-Campus
 - **Assessment – Standards Evaluation:** Fund at 25% since program is located in Rantoul based on the invoice.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application alongside applications 2239 and 2240. There are a few questions to consider: given that there are 3 similar applications, should they have been submitted in one application? Or: is the spirit of each Program here the same? Does General Standard 9 Item Maximum Allocation apply here? Is the Program open to all students or just to the teams mentioned in the supplemental forms?
- **Board Discussion:** The Board discussed whether the Program included giveaways, noted the Program will take place off campus, and discussed whether Illinois Solar Decathlon’s Programs applications were for substantially different Programs. The Board also noted that the supporting documentation shows estimates for services, not just goods.
- **Board Allocation Decision & Vote:** Treasurer Rasmussen motioned to fund the application at full consistent with any procedural reductions, seconded by Board Member Royer. Motion passes 15/0/0.

	Category	Item & Quantity	Total
1	Programming Supplies	For the carpet flooring materials contract (adjusted down to stay within allocation limit)	\$5,000.00
Initial Allocation Request			\$5,000.00
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)

Fee Charged to Illinois Student Reduction (0%)	(\$0.00)
Off-Campus Event Reduction (25%)	(\$3,750.00)
Total Allocation	\$1,250.00

Programs Funding App No. 2239 – Illinois Solar Decathlon

- **Application Title:** Illinois Solar Decathlon - Insulation Installation Initiative
- **Description:** This program is for the installation of insulation in the new house built and designed by Illinois Solar Decathlon. This program is essential to the construction of the house, which is the primary mission of our organization. ISD needs to build houses every 2 years to continue to stay as a RSO on campus.
- **Connection to Mission:** Illinois Solar Decathlon seeks to lead innovation in design and technology to advance towards an environmentally sustainable future. Programs Funding App No. 2173 – Mo's Burritos Club

- **Application Title:** Mo's Burritos Club's Food Evaluation and Comparison
- **Description:** Mo's Burritos Club holds a recurring event in which all attendees (members and non-members, so long as they are Illinois students) consume menu items from Mo's Burritos as well as other restaurants as a means of evaluating Mo's Burritos Club food items AND food items from other restaurants to compare them to Mo's elite menu offerings, as is explicitly prescribed in our mission statement.
- **Connection to Mission:** The MBC Mission states that we serve "to provide the infrastructure and food necessary to eat and enjoy Mo's Burritos (and related) cuisine, including, but not necessarily limited to: Mo's Burritos menu items, menu items of comparable/similar Mexican restaurants, menu items of different cuisines and restaurants" and that we want "to highlight the elite nature of Mo's Burritos' menu offerings, which will be done through a variety of different programming opportunities, such as tastings, samplings, dining experience assessments, etc." This recurring program is our club's primary means of executing on that portion of our mission, as we are doing exactly that.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Luke Granger
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** General Standard 7: Good Faith.; Standard 16. Good Faith
 - **Assessment – Standards Evaluation:** Fund line items 1, 2, and 4 in full. However, line item 3 does not seem comparable to tacos.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The board should discuss this application as it pertains to the interpretation of the student organization's mission. My initial opinion is that the items requested fall within the mission of the student organization.
- **Board Discussion:** The Board discussed whether the items requested are comparison food items as the foods requested are from different cuisines. The Board also discussed whether there was sufficient justification provided in the supporting documentation for the necessity of line items 3 and 4.
- **Board Allocation Decision & Vote:** Board Member Royer motioned to fund line items 1 and 2 at full consistent with procedural reductions and to zero fund line items 3 and 4 due to insufficient justification provided for these items, seconded by Board Member Hoppock. Motion passes 13/1/1.

	Category	Item & Quantity	Total
1	Programming Supplies	Mo's Burritos Menu Item #1	\$3,000.00
2	Programming Supplies	Mo's Burritos Drink	\$999.00
3	Programming Supplies	Comparison Food Item	\$860.59
4	Programming Supplies	Comparison Drink	\$140.22
Initial Allocation Request			\$4,999.81
Allocation Reduction			(\$1,000.81)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)

Programs Funding App No. 2210 – Nutritional Sciences Graduate Student Association

- **Application Title:** NSGSA Symposium 2026
- **Description:** The DNS Science Symposium is an annual on-campus event organized by graduate students in the Division of Nutritional Sciences. It provides Illinois students an opportunity to present their research, compete in scientific competitions, and engage in professional networking. The event is free and open to all registered Illinois students who wish to attend or participate.
- **Connection to Mission:** This symposium directly supports the Division of Nutritional Sciences Graduate Student Association’s mission to promote scholarship, research communication, and professional development among nutrition students. By providing a platform for Illinois students to present their work and engage with experts in the field, the event advances our goal of fostering scientific exchange and community within the nutritional sciences.
- **Illinois Student Attendance (estimated):** 90%, funding reduction of 10%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Indira Bhagam
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Matthew Roalkvam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Insufficient Supporting Documentation; Prohibited Types of Items & Requests 17: Honoraria, Giveaways, or Gifts;
 - **Assessment – Standards Evaluation:** I do not believe they submitted a mock up of the digital signage - or at least it was not clearly labeled. Honoraria also complicated
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. The application appears to meet standards except in the area of printed materials for Programs. The flyers do not appear to be designed to be digital advertisements, nor does the event program, but the application states different information.
- **Board Discussion:** The Board discussed whether the advertisement designs in the supporting documentation were current designs or past designs. The Board also discussed whether the honoraria was justified in the supporting documentation. The Board noted that the items requested for the Event Booklet and Event Promotion Flyer were for the service cost for designed said items.
- **Board Allocation Decision & Vote:** Board Member Sanabria motioned to fund all line items in full consistent with procedural reductions, seconded by Board Member Royer. Motion passes 15/0/0.
- **Administrative Note:** Line item 6 (Posters) cannot be funded as SORF does not fund printed materials.

	Category	Item & Quantity	Total
1	Contractual Services	Honorarium for the invited keynote speaker who will deliver a central academic lecture at the symposium. This presentation is essential to the program’s educational goals and is open to all Illinois students free of charge.	\$1,000.00
2	Travel/Lodging	2 nights (night before and after event), lodging for keynote speaker during the symposium to enable full participation in the program schedule.	\$318.00
3	Programming Supplies	Event Booklet. Creation and distribution of the symposium program booklet, including schedule, speaker bios, and session information. The booklet will be shared digitally via email, QR codes, and the event website	\$1,500.00

4	Programming Supplies	Event Promotion Flyer. Design and distribution of a symposium flyer through University listservs, department newsletters, and campus digital signage.	\$200.00
5	Space and Equipment Rentals	Photography services to document the symposium sessions, keynote lecture, and student poster presentations	\$1,500.00
6	Programming Supplies	Poster printing for symposium presenters. Printing of student research posters presented during the symposium poster session. Posters are the primary medium for academic communication at the event.	\$443.04
Initial Allocation Request			\$4,961.04
Allocation Reduction			(\$443.04)
Non-Illinois Attendee Reduction (10%)			(\$451.80)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$4,066.20

Programs Funding App No. 2247 – Off-Road Illini

- **Application Title:** Off-Road Illini Baja SAE - Drive Day
- **Description:** On the day of the event, we will bring the newly finished car to the test track and allow each person who comes to drive the car for several minutes. They will be able to drive through several obstacles including cones, hills, and tight turns. We will be providing driver gear for each person, such as helmets, gloves, and goggles, to ensure their safety, as well as checking driver’s licenses. We will also be grilling lunch for anyone who wants it.
- **Connection to Mission:** It gives all students, both engineering and non- engineering majors, the opportunity to do something fun that is created by other students on campus. It will give everyone a chance to have some fun, try something new, and meet other people. The Off-Road Illini is an engineering RSO that designs, test, and competes an off-road vehicle every year in international competitions, and this event will provide students with an opportunity to engage in our project and team.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Indira Bhagam
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Luke Granger
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** Unsure that we can fund all these project items that are being used to assemble the car prior to the drive day. Also the line item "MyLaps 5 Year Subscription X2 Transponder MX" is likely unfundable as it is a subscription and unnecessary for the drive day event to have a 5 year subscription.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. I largely agree with Board Member Granger's assessment. I believe the bulk of the application can be funded at full consistent with any procedural reductions except line item 12. Line item 12 is for a 5-year subscription to a transponder. A 5-year subscription is not needed for a Program set to take place within a funding period of roughly 6 months.
- **Board Discussion:** The Board discussed whether the 5 year subscription was necessary for the Program. The Board made a comparison between the subscription’s length and any other line item’s quantity, along with noting the Board’s history of looking at items largely independent of the quantity requested.
- **Board Allocation Decision & Vote:** Board Member Sanabria motioned to fund the application at full consistent with procedural reductions, seconded by Board Member Sarsany. Motion passes 15/0/0.

	Category	Item & Quantity	Total

Programs Funding App No. 2220 – Palestine Children's Relief Fund

- **Application Title:** PCRFB Speaker Panel
- **Description:** This event features a panel discussing Palestine through cultural and humanitarian perspectives, highlighting the Palestinian Children’s Relief Fund and its mission to provide medical and humanitarian relief to children throughout the Levant. An Arabic-style lunch featuring Jerusalem salad and other regional dishes is a necessary part of the event, helping participants experience Palestinian and Levantine culture in a tangible way that deepens empathy and understanding. The Campus Instructional Facility is required, as it is the only approved location for serving food, allowing the cultural meal to take place and fulfill the educational purpose of the event.
- **Connection to Mission:** This program directly supports our mission by combining education, cultural experience, and humanitarian awareness. The Arabic-style lunch is an essential part of this event, not for hospitality but for learning, as it allows attendees to connect with Palestinian culture and understand the everyday life of those the Palestinian Children’s Relief Fund serves. Sharing food fosters empathy and awareness of the challenges children in the Levant face. The Campus Instructional Facility is necessary, as it is the only approved venue that allows food service, enabling the event to fully meet its educational and cultural goals.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** Line Item 1's necessity to the program is unclear. Similar items have been funded in the past for similar events but the explanation provided in the application does not alone prove that the lunch is necessary for the program.
- **Primary Reviewer 2:** Robert Sanabria
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. The question is whether the food is necessary for the applied-for Program.
- **Board Discussion:** The Board discussed whether the food requested is necessary for the Program and is well-justified in the application.
- **Board Allocation Decision & Vote:** Vice Chairperson Crook motioned to fund the application at full consistent with procedural reductions, seconded by Board Member Sanabria. Motion passes 14/0/1.

	Category	Item & Quantity	Total
1	Programming Supplies	Shawarma Joint Estimate (We have not paid yet)	\$1,538.19
2	Space and Equipment Rentals	CIF Tier 2 Room, 4 Hours with Food	\$250.00
Initial Allocation Request			\$1,788.19
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)

Services Discussed Applications

Services Funding App No. 2236 – Korean Illinois Football Association

- **Application Title:** Korean Illinois Football Association's Service Request for Essential Equipment and Space Rentals
- **Description:** Our organization is requesting Services funding to support the essential operations and activities of the Korean Illinois Football Association (KIFA). This funding will help us cover costs related to field reservations, equipment, and safety supplies necessary for hosting practices, matches, and tournaments. These services are vital to ensuring that our members can participate safely and effectively while promoting teamwork, physical wellness, and cultural connection within the campus community.
- **Connection to Mission:** This Services Application directly supports KIFA's mission to foster teamwork, physical wellness, and cultural connection through soccer. By providing the necessary funding for field reservations, safety supplies, and essential equipment, KIFA can continue to host practices, matches, and community events that bring students together, encourage active participation, and strengthen the sense of unity and leadership that defines our organization's purpose.
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** General Standard 7: Good Faith.
 - **Assessment – Standards Evaluation:** Fund all line items except 1, 2, 4, and 16. In addition, subtract \$44.42 from line item 15 as they are taxes from the non-fundable line items. Line item 1, 2, and 4 do not seem necessary for the operation of the RSO. If so, shipping for line item 2 (aka line item 16) should also not be funded.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Discuss
 - **Assessment – Standards Evaluation:** The Board should discuss this application. The question is whether items such as the tent, chairs, and cooler are essential equipment.
- **Board Discussion:** The Board discussed whether the items requested are necessary for the organization to operate.
- **Board Allocation Decision & Vote:** Vice Chairperson Crook motioned to fund the application at full, seconded by Board Member Sanabria. Motion passes 11/2/2.

	Category	Item & Quantity	Total
1	Essential Equipment	Outdoor Tent	\$89.99

Programs Pre-Funded Applications

Programs Funding App No. 2017 – American Institute of Aeronautics and Astronautics Student Branch

- **Application Title:** Future of Aviation Technology (AIAA Technical Project)
- **Description:** American Institute of Aeronautics and Astronautics are requesting funds for the building of a blended wing body aircraft.
- **Connection to Mission:** The Future of Aviation Technology project provides a practical, hands-on opportunity for students to engage in cutting-edge research and design. By developing a next-generation sustainable aircraft, students are actively "shaping the future of aerospace" and developing the professional skills necessary to become future leaders and innovators in the industry.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Briton Rasmussen

Programs Funding App No. 2127 – American Institute of Aeronautics and Astronautics Student Branch

- **Application Title:** Project Lumyn (AIAA Technical Project)
- **Description:** Project Lumyn is a technical project that focuses heavily on computer science and its application to aerospace engineering. More specifically, Project Lumyn aims to design and develop autonomous systems that think, move, and adapt. Some of areas of focus include SkySync(drone swarms forming complex shapes in real time), AutoDoc(self-driving vehicles that park themselves), and EchoNav(obstacle-aware navigation and SLAM for any environment).
- **Connection to Mission:** Project Lumyn provides UIUC students with valuable, hands-on experience in autonomous systems and aerospace-related programming. Through this technical project, students have the opportunity to develop practical skills that supplement their academic coursework and directly prepare them for careers in the aerospace industry, fulfilling our goal of supporting the next generation of aerospace professionals.

Programs Funding App No. 2225 – American Institute of Aeronautics and Astronautics Student Branch

- **Application Title:** Jet-Cat (AIAA Technical Project)
- **Description:** The AIAA Jet-Cat team aims to learn more about how jet engines work using the MiniJets JM14 Jet Turbine as a scaled-down model. The JM14 is a kit that allows members to get a hands-on approach to the construction of a turbojet engine, through assembly of the jet engine, as well as designing nozzles for the jet engine once the initial assembly and testing is complete.
- **Connection to Mission:** This Program directly aligns with AIAA’s mission to foster the next generation of aerospace engineers through hands-on technical experience and innovation. The Jet-Cat project allows members to gain a practical understanding of jet propulsion by assembling, testing, and modifying a working turbojet engine. Through this experience, students apply aerospace concepts from their coursework to a real-world system, developing critical technical, analytical, and teamwork skills essential to the aerospace industry.

Programs Funding App No. 2143 – Arabic Debate Student Association

- **Application Title:** Midwest Arabic Debate Championship
- **Description:** The Midwest Arabic Debate Championship is a 3-day program, from April 24th - 26th 2026, that brings together students from various universities and judges from across the U.S to engage in meaningful discussions, structured Arabic debates, cultural exposure, and networking opportunities. The event aims to promote critical thinking, public speaking, and cultural exchange while strengthening their Arabic language.
- **Connection to Mission:** The Midwest Arabic Debate Championship directly relates to the Arabic Debate Student Association's mission by providing a platform for students to practice open dialogue, persuasive reasoning, and deliver speeches in Arabic. Through this championship, participants and U of I students will be able to connect and collaborate with various students, faculty, and peers from around the world.

Programs Funding App No. 2068 – Asian American Association

- **Application Title:** Asian American Association 40th Fashion Show
- **Description:** The Asian American Association Fashion Show is AAA's largest annual event, celebrating Asian American identity through dance, runway, and guest performances. Open to dancers of all levels, the different performance groups include BizCaz, Cultural, and NightLife, featuring hip-pop, R&B, and traditional Asian dances. This year's theme, Timeless Gems, showcases the unity created when people come together across time and culture. Authentic props, attire, and thrifted/ handmade outfits will be showcased during the Runway portion of the event. Guest performers like Wushu and Taekwondo will highlight community pride, cultural appreciation, and the diversity of AAPI experiences.
- **Connection to Mission:** AAA's Fashion Show highlights our mission by fostering inclusivity, cultural appreciation, and community connection through creative expression. This year's theme, Timeless Gems, highlights the beauty of different eras and culture of dance and Asian culture. By blending traditional and modern performances, inviting diverse RSOs, and opening participation to everyone on campus, the showcase celebrates the diversity within the AAPI community while promoting equity and social awareness. Through honoring heritage and embracing collaboration, the Fashion Show strengthens meaningful relationships and unifies the community, reflecting our 25-26 mission.

Programs Funding App No. 2187 – Bengali Students Organization (UIUC) - Abol Tabol

- **Application Title:** Bengali New Year Celebration- Borshoboron 2026
- **Description:** The event celebrates Poila Boishakh, the Bengali New Year and the first day of the Bengali calendar. Observed widely across Bengal, covering parts of Bangladesh and India. The program at the University of Illinois Urbana-Champaign will feature songs, dances, drama, and poetry that highlight Bengal’s rich artistic and literary heritage. Attendees can experience Bengali culture through interactive activities like trivia, games, and music contests.
- **Connection to Mission:** This program aligns directly with our organization’s mission to promote and preserve Bengali culture by sharing its rich artistic, literary, and musical heritage with the broader campus community. Through performances, interactive events, and cultural showcases, the celebration of Poila Boishakh fosters cross-cultural understanding, community engagement, and appreciation for Bengal’s vibrant traditions and global contributions.

Programs Funding App No. 2176 – Cheese Club At UIUC

- **Application Title:** Fondue night
- **Description:** At Fondue Night, participants will work together to prepare and enjoy cheese fondue from scratch. The Cheese Club at UIUC will guide everyone through melting, mixing, and pairing techniques, explaining how different cheeses and ingredients affect flavor and texture. After creating their own fondue pots, everyone will taste, compare, and share their creations while learning about the cultural traditions behind fondue. It's a relaxed, hands-on event designed to bring people together through the fun and creativity of cheese.
- **Connection to Mission:** Fondue Night reflects the Cheese Club at UIUC's mission to bring people together through cheese by turning learning into a shared experience. Participants will work hands-on to prepare and enjoy their own fondue, exploring how cheese blends, textures, and pairings create unique flavors. Through collaboration and conversation, this event encourages curiosity, creativity, and community; all centered around the joy of cheese. It's an opportunity for anyone to connect, learn, and appreciate the cultural and social side of cheese-making in a welcoming, interactive environment.

Programs Funding App No. 2178 – Cheese Club At UIUC

- **Application Title:** Gouda Meets Ganache
- **Description:** Discover the unexpected harmony between cheese and chocolate at the Cheese Club at UIUC’s Gouda Meets Ganache night! This interactive tasting explores how flavor chemistry and history intertwine -- from ancient cacao rituals to modern cheesemaking. Participants will learn the art of pairing textures and tastes while sampling a curated selection of cheeses and chocolates that showcase balance between sweet, salty, and savory. Rooted in the Cheese Club’s mission to bring people together through curiosity and community, this event invites everyone to explore, taste, and appreciate how two seemingly opposite flavors can create something truly delightful.
- **Connection to Mission:** This event reflects the Cheese Club at UIUC’s mission by using cheese as a bridge for curiosity, learning, and community. Through exploring the history and science behind cheese and chocolate pairing, participants connect with global food traditions while developing a deeper appreciation for flavor. The hands-on tasting encourages shared discovery and conversation, creating an inclusive space where everyone can learn, engage, and enjoy together -- embodying the club’s goal to bring people together through the joy of cheese.

Programs Funding App No. 2183 – Cheese Club At UIUC

- **Application Title:** Something Smells Gouda
- **Description:** Join the Cheese Club at UIUC for an event that smells gouda, an exploration of the science and history behind smelly cheese. Learn how bacteria, fermentation, and aging create those unforgettable aromas and why some of the world’s most famous cheeses owe their character to a little funk. From the chemistry of scent to cultural traditions that celebrate it, this event dives into the fascinating relationship between science, history, and tastes proving that what’s stinky can also be spectacular.
- **Connection to Mission:** This event supports the Cheese Club at UIUC’s mission by blending education, community, and curiosity through cheese. By exploring the science and history behind smell, participants learn how culture, chemistry, and craftsmanship intersect in food. It encourages discovery, appreciation, and shared experience -- embodying the club’s goal to bring people together through learning and a love of cheese.

Programs Funding App No. 2199 – Dancing Illini

- **Application Title:** Dancing Illini Spring social dance
- **Description:** This program marks the end of session 1 classes of the two sessions that our RSO organizes during a semester. This event provides a platform for all the students of UIUC to apply dancing skills in a social setting. This event is completely free and open to all UIUC students.
- **Connection to Mission:** This program is a social dancing event where people can dance to various latin songs. They get a chance to dance styles like Salsa, Bachata, Tango, cumbia, etc. This directly connects to our RSO's mission, as we aim to promote and teach social latin dancing.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Hayley Hoppock

Programs Funding App No. 2116 – Eastern European Illini

- **Application Title:** Eastern European Illini EEI Barbecue at Illini Grove
- **Description:** The program is a barbecue event organized for Eastern European Illini students, aimed at bringing together individuals with shared cultural backgrounds in a relaxed and welcoming environment. The event provides an opportunity for all students to connect, celebrate their heritage, and enjoy traditional Eastern European food. It fosters a sense of belonging and community among participants while also encouraging cultural exchange and friendship across campus.
- **Connection to Mission:** This program directly supports Eastern European Illini's mission by creating a space for students from diverse backgrounds to come together and engage with Eastern European culture in a meaningful way. The barbecue celebrates traditional foods and customs, promoting cultural awareness among both Eastern European students and the broader campus community. The event strengthens community ties and helps inspire students to see the value of cultural identity within higher education.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2119 – Eastern European Illini

- **Application Title:** Eastern European Illini Martenitsi making Event
- **Description:** The program is a cultural workshop hosted by Eastern European Illini to showcase the tradition of making Martenitsi. They are red and white woven bracelets worn to celebrate the arrival of spring in Eastern European cultures. Participants will learn about the history and symbolism behind Martenitsi and create their own bracelets to wear or share. The event promotes cultural exchange, creativity, and community engagement while highlighting a unique tradition celebrated across Eastern Europe.
- **Connection to Mission:** This program directly supports Eastern European Illini's mission by celebrating a meaningful cultural tradition observed across many Eastern European countries. By teaching participants how to make Martenitsi and explaining their cultural significance, the event encourages appreciation of Eastern European heritage and fosters cross-cultural understanding on campus. It also helps build community among students of Eastern European backgrounds and introduces others to the region's customs, This promote culture, traditions, and educational engagement.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2235 – Engineers Without Borders, UIUC Chapter

- **Application Title:** Project Leadership and Technical Skills Development Workshop
- **Description:** We will be demonstrating engineering and sustainability concepts using a presentation and activity. The activity consists of designing a water siphon with chalk and then creating the water siphon with straws (we already have straws), cups, and water (stored in the jug). This is an outdoors activity so we don't make a mess with the water inside a building. We can't request the location this far in advance, but we hope the presentation will take place in the Transportation Building before we move outside.
- **Connection to Mission:** The design and implementation process demonstrates real-world engineering practices and educates students on exciting sustainability concepts. This is important to our mission because one of our projects is designing and implementing a water catchment, filter, and pipeline. It is crucial that our members know basic water and engineering design concepts in order to contribute effectively to the project. This will promote successful implementation of the structures and will improve leadership skills because they will have independently designed and implemented a mini water system.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Total Allocation			\$113.28

Programs Funding App No. 2028 – Girls Next Door A Cappella

- **Application Title:** Girls Next Door: Spring 2026 Programming SORF Application
- **Description:** Our annual Spring Concert is an engaging a cappella performance held each April in the Lincoln Hall Theater. This concert allows Girls Next Door to showcase the setlist we have curated, arranged, and mastered over the semester in a high-energy, interactive, and immersive experience. This event provides UIUC students with the opportunity to engage with the arts, gain insight into our organization, and enjoy contemporary music free of charge. Hosted at Lincoln Hall and free to all UIUC students, the concert remains extremely accessible and popular among students each year.
- **Connection to Mission:** Our concert will be held on campus in the Lincoln Hall Theater and is entirely free of charge for all University of Illinois students. With additional funding for videography and live streaming services, we can expand access by broadcasting our concert online, allowing those who may be unable to attend in person to enjoy the performance as well. By eliminating financial and accessibility barriers, we strive to make our performance available to students from all backgrounds, reinforcing Girls Next Door’s commitment to inclusion and community engagement.
- **Illinois Student Attendance (estimated):** 85%, funding reduction of 15%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 8: Recruitment and Membership;
 - **Assessment – Standards Evaluation:** Line item 3 violates SORF standards: recruitment (promoting future events). All other line items meet SORF standards (free, open to all, on campus, 100% UIUC student attendees.).
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The primary intention of the line item 3 is to provide live-streaming services for the Program. While the line item description states the photos will be used for future event promotion, this is not explicitly for gaining members, and could be used for future performances, for example. All line items can be funded at full consistent with any procedural reductions.

	Category	Item & Quantity	Total
1	Space and Equipment Rentals	Lincoln Hall Theater Rental - Coordinated through UIUC Venue Manager Terry Dederich. Rental price includes the lighting package, but NOT sound equipment (microphones or monitors). Please see attached documentation for a comprehensive cost breakdown.	\$908.25
2	Space and Equipment Rentals	Microphones & Monitors Rental - Includes a set of microphones, power cables, receivers, and monitors rented through No Comment, an a cappella organization and rental service at the University of Illinois. This package also includes technicians who assist us in setting up and optimizing our sound during our dress rehearsal and performance, ensuring the best possible audio quality for our audience.	\$500.00
3	Advertisements	Photographer/Videographer/Livestream Service - Each concert, we hire a student photographer from the school of media to capture photos and videos of our concert, which we can use to promote future events on social media. Additionally, we aim to provide a livestream option, allowing those who cannot	\$150.00

		physically attend the event to still enjoy and experience the performance from a distance. If funding cannot be provided for using an independent student photographer, our organization would also be willing to hire photographer services through Illini Multimedia.	
		Initial Allocation Request	\$1,558.25
		Allocation Reduction	(\$0.00)
		Non-Illinois Attendee Reduction (15%)	(\$233.74)
		Fee Charged to Illinois Student Reduction (0%)	(\$0.00)
		Off-Campus Event Reduction (0%)	(\$0.00)
		Total Allocation	\$1,324.51

Programs Funding App No. 2206 – Hillel Leadership Council

- **Application Title:** Pride Shabbat
- **Description:** The Hillel Leadership Council will be hosting a Friday night Pride Shabbat dinner at the Cohen Center for Jewish Life. A major aspect of Jewish life, Shabbat dinner is a time for the community to come together without phones and worrying about classwork. For this Shabbat, we will invite students who are part of the LGBTQ community and their allies to join us and experience a Shabbat dinner. We will also have information about how Judaism and pride coincide and coexist. This will cultivate real connections between the students. We'll create a welcoming Shabbat atmosphere with pride decorations.
- **Connection to Mission:** Pride Shabbat invites students from the LGBTQ community and their allies to join us in an enriching Jewish weekly tradition that affirms our enduring commitment to supporting Jewish life on campus for all students and builds bonds between our Jewish and LGBTQ communities.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** Off Campus
- **Primary Reviewer 1:** Kedar Manda
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.
 - **Assessment – Standards Evaluation:** Every line item has insufficient supporting documentation: the pdf only lists the amount requested, I could not find any supporting documentation in accepted formats
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The supporting documentation is an invoice from a third party and meets our standards on supporting documentation. All line items can be funded at full consistent with any procedural reductions.

	Category	Item & Quantity	Total

Total Allocation			\$862.50

Programs Funding App No. 2227 – Hillel Leadership Council

- **Application Title:** BGaygel Brunch
- **Description:** Hillel Leadership Council is hosting BGaygel Brunch! Every Sunday, Illini Hillel hosts a bagel brunch for both Jewish and non-Jewish students to engage with a quintessential aspect of American Jewish life: bagels! This week, our bagel brunch will be Pride-themed. We are welcoming LGBTQ students and their allies to enjoy bagels and lox in our lounge. We hope to bring together Jewish and LGBTQ communities. We will also be painting masks for that week’s Purim Drag Show, our premier Jewish and LGBTQ event of the year!
- **Connection to Mission:** BGaygel invites students from the LGBTQ community and their allies to join us in a quintessential aspect of American Jewish life, bagels, that affirms our enduring commitment to supporting Jewish life on campus for all students and builds bonds between our Jewish and LGBTQ communities.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** Off Campus

Off-Campus Event Reduction (25%)			(\$298.75)
Total Allocation			\$876.26

Programs Funding App No. 2081 – Illini N Motion Dance Team

- **Application Title:** Illini N Motion Spring 1 Program Request
- **Description:** On April 19th (with April 17th dress rehearsal) we would like to host our annual Spring Showcase to perform the dance pieces we've been working on for the year! We will not charge admission so it is free for anyone to come!
- **Connection to Mission:** This showcase allows us to show off and celebrate all our hard work throughout the year! By bringing together all our teammates, friends, and family we accomplish our mission dancing multiple different styles (hip-hop, contemporary, jazz, lyrical, modern, etc.) in numbers our members have choreographed.
- **Illinois Student Attendance (estimated):** 60%, funding reduction of 40%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.
 - **Assessment – Standards Evaluation:** Line item 1: supporting document only has internal estimate - no link to external site/official estimate
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The supporting documentation is an invoice for Lincoln Hall Theater and meets our standards for acceptable supporting documentation. All line items can be funded at full consistent with procedural reductions (if any).

	Category	Item & Quantity	Total
1	Space and Equipment Rentals	Cleaning Fee for dress dress rehearsal and showcase (2*\$150 = \$300)	\$300.00
Initial Allocation Request			\$300.00
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (40%)			(\$120.00)

Total Allocation			\$180.00

Programs Funding App No. 2179 – Illini Women's Hockey Club

- **Application Title:** Illini Women's Hockey Club
- **Description:** Illini Women's Hockey Club provides UIUC women with the opportunity to play hockey at multiple skill levels and at a reasonable price.
- **Connection to Mission:** Being an Illini and joining Illinois Women's Hockey means that you are honoring yourself, your school, the future of this program, and your college experience with the memory and relationship you create. Throughout the seasons, we encourage a strong unified environment, prioritizing leadership, professional experience, discipline, and teamwork. These games encourage these traits and experiences.
- **Illinois Student Attendance (estimated):** 98%, funding reduction of 2%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Luke Granger
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.
 - **Assessment – Standards Evaluation:** I think this may be a lack of supporting documentation issue since they give an invoice for the full year and not just spring and then expect us to check the math.
- **Primary Reviewer 2:** Hayley Hoppock
 - **Assessment – Standards Met?** Yes
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The supporting documentation includes outside dates, but accounting for the dates listed that fall within the range provided in the application itself, the total is accurate and quantities are provided. The application can be funded at full consistent with any procedural reductions.

	Category	Item & Quantity	Total
1	Space and Equipment Rentals	Ice time for the games in the second semester	\$3,325.00
Initial Allocation Request			\$3,325.00

Programs Funding App No. 2254 – IlliniReads

- **Application Title:** IlliniReads Paint Swap: Visual Interpretations of Literature
- **Description:** Paint Swap is a creative literacy event where Illinois students paint scenes or emotions inspired by the current IlliniReads book selection and exchange their artwork to work on it together. The program connects literature with visual expression, encouraging participants to interpret written themes through art. All materials are provided free of charge, and the event is open to every Illinois student. Finished work will be used to create an IlliniReads art gallery of sorts.
- **Connection to Mission:** This program directly supports IlliniReads’ mission to promote literacy, discussion, and creative engagement among students. By transforming reading into a shared art experience, Paint Swap helps students interpret literature beyond text, strengthens our community’s appreciation of books, and builds interdisciplinary connections between storytelling and the arts, all of which are central goals of IlliniReads.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer

Programs Funding App No. 2259 – IlliniReads

- **Application Title:** IlliniReads Tote Bag Painting: “Carry the Story”
- **Description:** “Carry the Story” invites Illinois students to design and paint reusable tote bags featuring quotes, imagery, or themes from IlliniReads’ spring book selections. Participants express literary ideas through functional art that encourages sustainability and creativity. The event is free, open to all Illinois students, and held on campus, combining reading appreciation with everyday artistic expression. All tote bags will be kept by IlliniReads as part of its art gallery for display and club events
- **Connection to Mission:** This program advances IlliniReads’ mission to foster community and literary engagement by connecting art and reading. Designing totes inspired by books helps participants internalize and share stories in new, personal ways. It extends IlliniReads’ literacy efforts beyond discussion into tangible creativity, making literature more interactive and accessible to the wider Illinois student body.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No

Programs Funding App No. 2182 – IlliniThon

- **Application Title:** Big Event
- **Description:** this is our big event where we will have the students from U of I and the miracle families and their kiddos come to the arc for about 10 hours of fun. this is the main event for the year and it is crucial for the club
- **Connection to Mission:** we are raising money, as well as awareness of the hospital, hshs st johns, a 502(c)3. the way we do this is by having a Big Event, where we invite students to come and have a good time. They can dance with the kiddos, take photos and just hang around with them. they come to the Big Event to have fun, and by being there, they learn about the stories of the kids and they learn more about the Miracle Network and all that it does.
- **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%
- **Will Illinois students be assessed a fee for entrance or participation?** Yes
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Kedar Manda
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Relevance to mission.
 - **Assessment – Standards Evaluation:** The line item for the \$600 for the DJ may be excessive and not directly related to the purpose of the event.
- **Primary Reviewer 2:** Robert Sanabria
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Participation fee;
 - **Assessment – Standards Evaluation:** 75% because they are charging an entry fee,
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items are justified, and the application can be funded at full consistent with procedural reductions.

	Category	Item & Quantity	Total
1	Space and Equipment Rentals	We are requesting the cost for the photobooth to be covered. This will be used at the big event on April 18th for only a period of time. The document provided is the invoice from 2 years ago. This resource is essential at the event to gauge attraction and morale to the students attending. this is an estimate for this years cost, not an exact	\$775.00
2	Space and Equipment Rentals	We are requesting the cost of the bounce house to be covered. It is a rental for a section of thee vent for a few hours, the old invoice is provided. It is essential to the big event for it to go on and also to provide something fun for the UIUC students to engage with the children in	\$635.00
3	Contractual Services	We are requesting that the cost of a DJ, more specifically, DJ Jason. This would be great if covered since a DJ is vital for having live music and a dj also provides us with such great morale. He is at the event the entire time and this is an estimate, as we do not have a contract with anyone yet this year. It is important to have live music because IlliniThon at its foundation is a dance marathon where we dance every hour on the hour and a live music DJ is necessary. His full name is Jason Wells	\$600.00

4	Space and Equipment Rentals	This is for the ARC we are requesting this so that our event can occur in the place that is always has been held at and best for student access. The payment request is made for the future. I just did that so that we could reserve the space to have the best for planning purpose.	\$510.00
5	Space and Equipment Rentals	This is for multipurpose room 1, so that the families of the miracle kiddos can put there stuff here, and they can take a breather for a moment away from everyone else.	\$130.00
Initial Allocation Request			\$2,650.00
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (5%)			(\$132.50)
Fee Charged to Illinois Student Reduction (25%)			(\$629.38)

Total Allocation			\$1,888.12

Programs Funding App No. 2045 – In Between at UIUC

- **Application Title:** Dumpling Night
- **Description:** This hands-on session offers a chance to learn basic dumpling-making skills. It’s a casual, collaborative evening focused on trying something new and creating memories.
- **Connection to Mission:** Dumpling Night supports our mission by creating a welcoming space where individuals who feel “in between” their identities and cultures can come together through a shared cultural activity. Making dumplings offers a hands-on way to connect with Asian heritage, especially for members, such as adoptees, who may not have had the opportunity to engage with these traditions growing up. The program encourages community building, cultural exploration, and meaningful connection in a low-pressure, inclusive environment.

Programs Funding App No. 2278 – Indian Graduate Students Association

- **Application Title:** Discover India
- **Description:** Cultural exhibition showcasing India’s art forms and heritage alongside classical Indian dance performances. In the past we've had displays on Indian musical instruments, saree draping, turban tying, architectural depictions of the Ghats of Varanasi, traditional rangoli, henna art, Indian spices, regional languages, and yoga, among others and we aim to feature similar exhibits.
- **Connection to Mission:** Our goal is to spread awareness about Indian Culture to the local students and provide a sense of belonging to the Indian students here on campus. This event directly achieves both purposes as well as helping the volunteers and the members become a stronger community. Through the program, we've often been able to promote cross-cultural understanding and foster friendships between diverse student groups.

Programs Funding App No. 2270 – Institute of Electrical and Electronics Engineers

- **Application Title:** Raspberry Pi Workshop
- **Description:** The Raspberry Pi workshop will teach around 30 students the fundamentals of embedded electrical systems. This will help them learn more about a typical microcontroller used in the industry. They will also implement their own interactive project on the Raspberry Pi. This will set up students to continue creating embedded programming projects on their own.
- **Connection to Mission:** Our student organization aims to spread ECE knowledge across the student community at UIUC. The Raspberry Pi workshop will allow students to understand the basics of embedded electrical systems, which is a large topic in ECE and important knowledge for industry. This workshop will allow students to understand embedded programs and gain a platform to practice it on, spreading knowledge of embedded programming across the ECE community.

Programs Funding App No. 2214 – Iranian Heritage Foundation

- **Application Title:** Art Performance, cultural Celebration
- **Description:** The Iranian Heritage Foundation (IHF) is aiming to present a live music performance at UIUC, inviting a renowned musician to captivate our audience. This event aligns with IHF's mission of promoting and celebrating Iranian culture through art and music.
- **Connection to Mission:** Iranian Heritage Foundation is dedicated to promoting the diverse tapestry of Iranian culture through the mediums of art and music. By hosting this performance, we aim to bring together UIUC community to experience the richness of Iran’s musical heritage, fostering greater cultural understanding.
- **Illinois Student Attendance (estimated):** 99%, funding reduction of 1%

Programs Funding App No. 2230 – iRobotics

- **Application Title:** Spring 1 2026 iRobotics Programs Application
- **Description:** We are organizing a Pacbot tournament, an event where participants can come and design their own robot to navigate a real-life Pacman maze and compete for the highest score possible!
- **Connection to Mission:** iRobotics is an educational RSO dedicated to developing real world skill and interests in engineering and STEM at no personal cost to students. This program directly aligns with that mission as it is centralized about garnering interest in robotics, and also giving students an opportunity to create their own robot at no cost
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2067 – Jewelry Crafting Community

- **Application Title:** Silver Clay Jewelry Workshop
- **Description:** In this workshop, students learn how to utilize silver clay to create silver jewelry pieces. Using provided tools, they'll be able to mold desired silver jewelry pieces. After, torches will be used so they'll be able to burn off the clay and reveal the metal underneath. We specifically chose the butane torch as our way to fire our pieces as it's hard to handle small pieces using a Bunsen burner, less risky than losing smaller pieces in a kiln, and more precise for them to be fired properly. We've exhausted other options, and the torch would be the best choice.
- **Connection to Mission:** In this workshop, students are able to learn how make authentic silver jewelry pieces. Students will benefit knowing how to make a niche form of jewelry: designing and molding silver clay, sanding and polishing their pieces, and using torches to burn off the clay binder to reveal their desired vision of silver jewelry pieces. By being able to supply our workshop, students are freed from financial burden from their craft. Thus, feeling safe to craft jewelry. This relates to Jewelry Crafting Community as we're able to create an affordable, comfortable space for students to craft jewelry using various materials.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus

Programs Funding App No. 2089 – Jewelry Crafting Community

- **Application Title:** Gothic Ribbon and Lace Necklaces
- **Description:** In this workshop, students will be able to create gothic style necklaces using ribbon, lace trim fabric and gothic pendant style charms. They'll learn how to attach the charms and clasps to their desired necklace material to create a necklace.
- **Connection to Mission:** In this workshop, students are able to learn how to make gothic style necklaces. Students will benefit knowing how to make a niche form of jewelry: designing using gothic style charms, ribbon and lace trim and attaching charms on their desired necklace material to create their desired vision. By being able to supply our workshop, students are freed from financial burden from their craft. Thus, feeling safe to craft jewelry. This relates to Jewelry Crafting Community as we're able to create an affordable, comfortable space for students to craft jewelry using various materials.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2217 – Lambda Theta Alpha Latin Sorority, Incorporated.

- **Application Title:** Mr.Burgundy and Grey
- **Description:** Mr. Burgundy and Grey is a week long of different events where we partner with other organizations on campus and they compete to win money for the philanthropy of their choice. We do the competitions as a fun and engaging way to celebrate our chartering at the university.
- **Connection to Mission:** This Services Application directly supports Lambda Theta Alpha’s mission of fostering unity, love, and respect within our community. Philanthropy is also a really important part of our mission. Our annual Mr. Burgundy and Grey event brings together different student organizations for a week of fun, collaboration, and friendly competition. By raising money for various philanthropies and celebrating our chapter’s chartering, we not only honor our history but also strengthen bonds across campus and create meaningful opportunities for service and sisterhood.

- **Application Title:** Finals? Yalla, Relax!
- **Description:** The Lebanese Student Association at the University of Illinois Urbana-Champaign will host “Finals? Yalla, Relax!”, a Pre-Finals De-Stress Event promoting wellness and mental health during exam season. The event offers a relaxing and inclusive environment where students can unwind, connect, and recharge before finals. Featuring a Lebanese cultural twist, it highlights hospitality and tradition through authentic Lebanese coffee and tea, creating a warm and mindful atmosphere. This initiative supports the university’s mission to enhance student well-being by fostering community engagement, cultural awareness, and mental balance, encouraging students to approach finals with calm, connection, and renewed focus.
- **Connection to Mission:** This program aligns with the Lebanese Student Association’s mission by promoting Lebanese culture and fostering community among students. By incorporating Lebanese hospitality through traditional coffee and tea, the event highlights our cultural heritage while creating a welcoming and inclusive environment. It strengthens connections within the campus community and encourages cultural appreciation, directly supporting our mission to celebrate Lebanese identity and share it with others at the University of Illinois Urbana-Champaign.

Programs Funding App No. 2136 – Lebanese Student Association

- **Application Title:** Lebanese Breakfast
- **Description:** The Lebanese Student Association at the University of Illinois Urbana-Champaign will host a Lebanese Breakfast on February 14 to celebrate culture, community, and connection. This event will bring students together to enjoy a traditional Lebanese morning meal featuring authentic dishes such as manakish, labneh, olives, hummus, falafel, and Lebanese coffee. The gathering aims to share the warmth of Lebanese hospitality, foster cultural exchange, and strengthen bonds within the campus community. Open to all students, this event invites attendees to start their day the Lebanese way, with good food, good company, and a taste of home away from home.
- **Connection to Mission:** This program directly supports the Lebanese Student Association’s mission by celebrating and sharing Lebanese culture with the university community. By offering authentic Lebanese breakfast dishes and showcasing the spirit of hospitality, the event promotes cultural awareness and appreciation while exposing the broader student body to Lebanese traditions. It fosters a sense of belonging among Lebanese students and encourages meaningful connections with others on campus. Through food and community engagement, the event embodies the LSA’s goal of strengthening cultural identity, building intercultural understanding, and creating inclusive spaces that reflect the warmth and richness of Lebanese heritage.

Programs Funding App No. 2146 – Lebanese Student Association

- **Application Title:** Easter Event
- **Description:** The Lebanese Student Association at the University of Illinois Urbana-Champaign will host a Lebanese Easter Celebration to bring students together in a joyful and culturally rich gathering. This event will highlight Lebanese Easter traditions through festive activities, authentic music, and traditional food that capture the warmth and spirit of the holiday. Open to all students, the celebration aims to share the values of togetherness, renewal, and hospitality that define Easter in Lebanese culture. By blending cultural expression with community connection, the event offers an inclusive space for students to experience and appreciate a cherished Lebanese tradition.
- **Connection to Mission:** This program directly supports the Lebanese Student Association’s mission by celebrating and promoting Lebanese culture within the university community. The Easter event showcases important Lebanese traditions, fostering cultural awareness and appreciation among students from diverse backgrounds. By creating a welcoming and festive environment, it strengthens the sense of community among Lebanese students while inviting others to learn about and engage with our heritage. Through this celebration, the LSA continues its commitment to preserving cultural identity, encouraging intercultural understanding, and building meaningful connections across the University of Illinois Urbana-Champaign campus.

Programs Funding App No. 2155 – Lebanese Student Association

- **Application Title:** Ramadan Iftar Event
- **Description:** The Lebanese Student Association at the University of Illinois Urbana-Champaign will host a Ramadan Iftar Gathering to highlight the cultural and spiritual significance of iftar in Lebanese tradition. The event will showcase how iftar brings people together in gratitude and reflection, emphasizing the importance of community and hospitality in Lebanese culture. Students will share a traditional Lebanese meal in a warm and welcoming environment, experiencing the richness of Ramadan customs while connecting through culture and conversation.
- **Connection to Mission:** This program directly supports the Lebanese Student Association’s mission by celebrating and sharing Lebanese cultural traditions with the university community. The Ramadan Iftar Gathering highlights an important aspect of Lebanese heritage, emphasizing values of hospitality, unity, and reflection. By bringing students together to experience this culturally significant tradition, the event fosters mutual understanding, cultural appreciation, and community connection. It strengthens the LSA’s goal of promoting Lebanese culture while creating an inclusive space where students from all backgrounds can learn about and engage with Lebanese customs in a meaningful way.

Programs Funding App No. 2051 – Letters of Love UIUC

- **Application Title:** Letters of Love Spring Card Making Events
- **Description:** This program is throughout the spring semester; however, the requested supplies cannot necessarily be divided amongst multiple programs, which is why multiple program applications are not being submitted. We are a chapter of Letters of Love -- a 501(c)(3) non-profit organization that provides emotional support for patients in children’s hospitals across the world. As a chapter, we coordinate both holiday and non-holiday themed cardmaking events throughout the semester and collaborate with other student organizations to bring together Illinois students to make cards for children in hospitals.
- **Connection to Mission:** This program directly supports our mission by providing opportunities for students to come together and create handmade cards that bring emotional support and love to children in hospitals. These events foster a sense of community and compassion on campus while supporting Letters of Love’s mission to spread joy and encouragement to young patients. Through our events, we unite students from diverse backgrounds to make a positive impact in the Champaign community and beyond. By writing heartfelt letters to pediatric patients worldwide, we continue working toward our goal of letting every child know they are loved, supported, and never alone.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Luke Granger

Programs Funding App No. 2108 – Linguistics Student Organization

- **Application Title:** 7th Annual Sociolinguistics Symposium (SOSY)
- **Description:** The Sociolinguistics Symposium (SoSy) at the University of Illinois at Urbana-Champaign is a hub for all those interested in sociolinguistics. With the support of the UIUC Linguistics department and other UIUC departments, who so generously support and continuously encourage this event, we hope to continue SoSy well into the future to increase the strength of our research through collaboration and to showcase our field to a broad range of other disciplines. SoSy is a graduate student-run symposium aimed primarily at providing graduate and advanced undergraduate students a forum to present and discuss their research on topics related to sociolinguistics.
- **Connection to Mission:** The Sociolinguistics Symposium (SoSy) is closely connected to the Linguistics Student Organization (LSO) as both aim to foster research, collaboration, and professional growth within the linguistics community at UIUC. While LSO supports students through events, workshops, and its annual conference, SoSy provides a focused venue for presenting sociolinguistic research and engaging in interdisciplinary dialogue. Originating within the same department and supported by LSO and related units, SoSy embodies LSO's mission to strengthen scholarly exchange, build community among linguistics students, and promote diverse approaches to the study of language, identity, and society across local and global contexts.
- **Illinois Student Attendance (estimated):** 60%, funding reduction of 40%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** Line items 6, 7: Programming supplies not necessary for program- food does not relate to program stated purpose
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** I agree with Board Member Khan's assessment. Food is not necessary for the applied-for Program to take place. All line items can be funded at full consistent with any procedural reductions except line items 6 and 7, which should be zero-funded as being food not necessary for the execution of the applied-for Program.

Programs Funding App No. 2074 – Luso-Brazilian Association

- **Application Title:** Brazilian Carnival Celebration
- **Description:** Our organization will be hosting its annual Carnival celebration early in the spring semester, bringing together an estimated 400-500 attendees to experience Brazilian culture through food, music, and games. The event will feature catered traditional dishes such as coxinhas de frango, pão de queijo, and Brazilian sausage, as well as live music. We aim to share the joy of Carnival with the campus community while also potentially collaborating with other Latin-American RSOs to create an inclusive cultural festival that represents UIUC.
- **Connection to Mission:** Our Carnival celebration will directly fulfill Luso's mission to promote the culture of Lusophone countries within the University community. It will be a massive cultural and educational event that will allow students, faculty, and staff to experience authentic Brazilian traditions. Collaboration with other Latin-American RSOs will show many elements of Brazilian culture.
- **Illinois Student Attendance (estimated):** 85%, funding reduction of 15%

Programs Funding App No. 2073 – Malaysian Student Association (MaSA)

- **Application Title:** MaSA Eid 2026
- **Description:** The MaSA Eid Celebration 2026 invites the Illinois community to experience Malaysian culture through a traditional feast. Guests will enjoy authentic dishes like rendang and lemong, participate in a symbolic ketupat-weaving activity, and learn about the significance of Eid. This event fosters cultural exchange and campus diversity.
- **Connection to Mission:** This program directly fulfills our mission by creating a vital sense of identity and community for Malaysian students (Section 1) through a cherished cultural celebration. It actively preserves our unique heritage (Section 2) by showcasing authentic traditions and cuisine, while also educating the wider campus community about Malaysian culture (Section 2), thereby promoting the University's vibrant diversity (Section 3).

Programs Funding App No. 2099 – Malaysian Student Association (MaSA)

- **Application Title:** Buka Puasa Bersama: A Malaysian Iftar with MaSA
- **Description:** This program is a cultural and community-building event designed to share a cornerstone of Malaysian tradition at the University of Illinois Urbana-Champaign. The program centers on a communal Iftar--the meal to break the daily fast during Ramadan. It will begin with a welcome address and a brief explanation of the significance of Iftar in Malaysia, a multicultural nation where this practice is widely observed. Guests will then partake in a curated Halal meal, featuring authentic Malaysian-Indian flavors, provided by a local caterer.
- **Connection to Mission:** This Iftar program directly supports MaSA's mission to promote Malaysian culture and build community. It showcases a major Malaysian tradition through a shared meal, providing an authentic cultural experience for the wider campus. For our members, it recreates a familiar and important practice, strengthening our internal community. The event naturally brings people together in an inclusive setting, fulfilling our goal of uniting Malaysian students with the broader university population.

Programs Funding App No. 2117 – Malaysian Student Association (MaSA)

- **Application Title:** MaSA's Ponggal
- **Description:** Ponggal is a traditional Tamil harvest festival celebrated over four days to express gratitude for abundance and new beginnings. Each day carries a unique cultural and moral significance rooted in Tamil heritage. In line with MaSA's mission to promote Malaysia's multicultural identity, Ponggal 2026 aims to introduce the Tamil harvest tradition to the broader UIUC community through a welcoming, educational, and interactive celebration. The event will encourage cross-cultural appreciation among Malaysian and international students, highlighting the shared values of gratitude, renewal, and community.
- **Connection to Mission:** This program directly fulfills MaSA's mission to promote Malaysia's multicultural identity by showcasing the Tamil Ponggal harvest festival. This educational event introduces UIUC to Tamil traditions, fostering cross-cultural appreciation and highlighting shared values of gratitude and community within Malaysia's diverse heritage.

- **Application Title:** MaSA X PERMIAS Iftar
- **Description:** This collaborative Iftar gathering, hosted by the Malaysian Student Association (MaSA) and the Indonesian Student Association (Permias), invites the UIUC community to experience the profound tradition of breaking the fast during Ramadan. On March 7th, 2026, we will come together to share a Halal-certified dinner, offering a taste of the culinary heritage cherished in both nations. The event is designed to foster interfaith understanding and cross-cultural connection, offering a meaningful space for dialogue and community building centered around shared values of gratitude, unity, and renewal.
- **Connection to Mission:** This program directly fulfills MaSA's mission to promote Malaysia's multicultural identity by showcasing a cherished national tradition. This collaborative Iftar fosters cross-cultural dialogue and offers the UIUC community an authentic experience of Malaysian and Indonesian hospitality, unity, and shared values during Ramadan.

Programs Funding App No. 2144 – Malaysian Student Association (MaSA)

- **Application Title:** MaSA Chinese New Year 2026
- **Description:** Malaysian Chinese are the second-largest ethnic group in Malaysia and a prominent overseas Chinese community. Chinese New Year is the most significant holiday for Chinese people around the world, and this event will provide an opportunity to share and celebrate the traditional customs and activities of Malaysia. We hope this event will help bring together the Malaysian community at the University of Illinois Urbana-Champaign (UIUC) and the wider Illinois community to celebrate this important cultural occasion.
- **Connection to Mission:** Our mission is to foster Malaysian cultural awareness and build community at UIUC. This Chinese New Year program directly fulfills this by showcasing a cornerstone celebration of one of our largest ethnic groups, uniting students through shared tradition and cultural pride.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Colin Crook
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Taxes & Shipping Not Fundable
 - **Assessment – Standards Evaluation:** Line Item 49: Tips are not fundable.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** I agree with Vice Chairperson Crook’s assessment. Tips are not fundable under Taxes & Shipping. All other line items can be funded at full consistent with any procedural reductions.

Programs Funding App No. 2193 – MannMukti

- **Application Title:** MannMukti SORF Request for Pongal
- **Description:** To celebrate Pongal, a major South Asian harvest festival symbolizing gratitude, renewal, and community, MannMukti plans to host an inclusive cultural event featuring traditional South Indian food.
- **Connection to Mission:** Sharing authentic Pongal cuisine is a central part of the celebration, as it brings people together and fosters a sense of belonging through shared culture and conversation. Providing food encourages attendees to gather, connect, and engage in meaningful dialogue--core to MannMukti's mission of promoting open, healthy conversations within the South Asian community.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** Off Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable;Definition: On-Campus
 - **Assessment – Standards Evaluation:** This application violates SORF funding standards as the items requested are not essential for the program and the program itself doesn't relate to the mission of the organization.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The Program is related to the mission of the student organization. All line items can be funded at full consistent with any procedural reductions.

Programs Funding App No. 2229 – MannMukti

- **Application Title:** MannMukti Gala Request
- **Description:** MannMukti is hosting a Mental Health Gala to provide a safe, empowering space for students to engage in open conversations about mental health within the South Asian community. The event will feature guest speakers who share personal experiences and professional insights on topics such as stigma, self-care, and emotional well-being.
- **Connection to Mission:** By combining these discussions with an inclusive, celebratory atmosphere, the gala aims to foster community connection and healing through dialogue--core elements of MannMukti's mission to remove stigma, improve awareness, and promote self-care. Hosting this event will not only elevate mental health awareness on campus but also encourage students to embrace vulnerability and seek support within a culturally understanding community.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2106 – Muslim Law Students Association

- **Application Title:** Muslim Law Students Association (MLSA) Ramadan and Eid 2026
- **Description:** This program is celebrating Ramadan and Eid with the College of Law and are centered around diversity and inclusion. During Ramadan, Muslims fast from dawn to sunset. This event is to commemorate the breaking of the fast by Muslims at dusk (Iftar) and share Muslim tradition with the community. Eid is a religious holiday marking the end of this holy month. This is an introduction to Muslim/Islamic culture to members of the legal profession. Food will be catered from Muslim-owned restaurants in Champaign-Urbana and will be served by board members of MLSA to the community free of charge.
- **Connection to Mission:** This program supports fostering Muslim representation within the College of Law, one of the key components of our organization’s mission. Ramadan and Eid gatherings offer a sense of belonging for Muslim students away from home and being far away from family and friends, while also allowing non-Muslim attendees to connect with our community and learn about this religious month. The College of Law is historically a very separated and isolated community from the rest of the UIUC community. This program provides a welcoming space for students, staff, and guests to experience Islamic traditions, promoting cultural awareness and inclusion to all.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable
 - **Assessment – Standards Evaluation:** I am good funding everything except the tongs as these are not single use serving items
- **Primary Reviewer 2:** Robert Sanabria
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** I agree with Board Member Royer’s assessment. The tongs requested do not meet our definition of single-use.

Programs Funding App No. 2283 – Muslim Students Association

- **Application Title:** Mom and Dad's Day (MADD)
- **Description:** The MADD luncheon is an event designed to provide a welcoming forum for Muslim students to introduce their parents to the MSA community on campus and to celebrate the friendships and bonds formed throughout the year. This gathering serves as a “checkpoint” where students and families come together to reflect on the organization’s efforts in creating an inclusive and supportive space for Muslim students at Illinois. The lunch also gives parents an opportunity to see firsthand the impact that MSA programming has on students and how the organization fosters connection, belonging, and community engagement.
- **Connection to Mission:** A large part of the MSA mission is to create an inclusive and welcoming community on campus, and this event allows for said community to meet and create friendships.
- **Illinois Student Attendance (estimated):** 90%, funding reduction of 10%
- **Will Illinois students be assessed a fee for entrance or participation?** Yes
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Briton Rasmussen
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Program is not a fundable program, as bringing parents to campus is not sharing the mission of the organization (building community on campus).

Programs Funding App No. 2066 – National Arab American Medical Association NextGen at UIUC

- **Application Title:** Pre-Health Suture Workshop
- **Description:** NAAMA would like to host a Suture Workshop for all on-campus pre-health students. This workshop will teach pre-med, pre-PA, and pre-dental students hands-on skills needed for their future careers. Our instructors will be Carle-Illinois medical students, and the event will be open to all students.
- **Connection to Mission:** NAAMA strives to be an all-inclusive association dedicated to providing professional development for all pre-health students. This event directly aims to educate all pre-health students at UIUC in suturing, a necessary skill for all pre-health paths.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No

Programs Funding App No. 2154 – National Association of Colored Women's Clubs, Inc.

- **Application Title:** National Association of Colored Women’s Clubs, Inc. (NACWC) Women’s Empowerment Brunch
- **Description:** The Women’s Empowerment Brunch brings together students for an inspiring morning of connection, reflection, and encouragement. The event features a guest speaker and guided discussions focused on self-confidence, leadership, and personal growth. Open to all students, it creates an inclusive environment where attendees can share experiences, network, and build community. The brunch emphasizes empowerment through unity and dialogue, encouraging students to support one another and take on leadership roles across campus.
- **Connection to Mission:** This program embodies NACWC’s mission by uplifting women and fostering environments of growth and support. It promotes leadership, confidence, and service, core values of the organization, while encouraging students to recognize their potential to inspire others. By offering a space for empowerment and self-reflection, the brunch extends NACWC’s mission of “Lifting as We Climb” beyond its membership, positively influencing the campus community and fostering connections across diverse backgrounds.
- **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.;Prohibited Types of Items & Requests 17: Honoraria, Giveaways, or Gifts;Insufficient Supporting Documentation;General Standard 3: Maximum Request per Application.;
 - **Assessment – Standards Evaluation:** Line item 1 meets SORF standards. All other line items violate SORF standards: insufficient supporting documentation (no way to compare prices), honoraria, and no guest speaker name.
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.;Procedural Standard 10: Supporting Documentation.;Prohibited Types of Items & Requests 17: Honoraria, Giveaways, or Gifts;Programs Table: Programming Supplies Not Fundable;Programs Table: Advertisements Not Funda
 - **Assessment – Standards Evaluation:** Fund line item #1 in full. All other items lacked supporting documentation. Line itmes 2-5 contain multiple items in one line. Line item 6 did not indicate the name of the speaker. Line item 7 is a gift not fundable by the Prohibited Items Line 17.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** It appears both Board Members agree in their assessment: Line item 1 can be funded at full consistent with any procedural funding reductions, and line items 2-7 cannot be funded for their stated reasons above.

Programs Funding App No. 2284 – NeuroTech@UIUC

- **Application Title:** Midwest Neurotechnology Conference
- **Description:** The Midwest Neurotechnology Conference will be a free event where neurotechnology and neuroscience groups from across the Midwest, (the majority of which being UIUC groups however given the proximity) can showcase their work, participate in workshops, and listen to speakers talk about their work orally and/or about the field. We also will be hosting our semesterly hackathon, NeuroHack, within this event. It will be an event open to students to attend as well to encourage education of neurotechnology.
- **Connection to Mission:** Our mission is 3-fold: educating people in neurotechnology, building a community of neurotechnologists, and creating professional development opportunities for students. With the Midwest Neurotechnology Conference, we will be hosting the culmination of this mission: by showcasing their work, projects will be able to network and learn more about the neurotechnology field and industry, by participating in workshops people learn more about neurotechnology and how to use/create it, and the sheer variety of people helps build up the neurotechnology community beyond the limits of what it's been thus far.

Programs Funding App No. 2129 – Saudi Students Association

- **Application Title:** Saudi Student Association Founding Day Event
- **Description:** The program is Saudi Founding Day. It will include several activities for attendees to celebrate, such as Saudi trivia, a photo booth, and Saudi cuisine served to the guests.
- **Connection to Mission:** The event marks the day Saudi Arabia was founded and a day Saudis get to celebrate their identity. Students will get to socialize and celebrate with each other.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.;Definition: On-Campus;Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** Fun line item #1 at 25% since event is off-campus. Fund line item 2, 3, and 5 in full. All other line items have a lack of explanation of why they are needed or how they relate to the program and mission. Additionally, supporting documentation was not given for Taxes & Shipping.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** I agree with Vice Chairperson Crook's assessment. The line items appear to be justified in the application's supplemental form detailing the food's connection to Saudi culture and the applied-for Program. All line items can be funded at full consistent with any procedural reductions.
- **Administrative Note:** The University YMCA (Latzer Hall) is off campus, and the application should be funded at 75%.

	Category	Item & Quantity	Total
1	Space and Equipment Rentals	Latzer Hall Base Rate (\$450) with Setup Rate(\$65)	\$515.00
2	Programming Supplies	600 PCS Gold Disposable Dinnerware	\$56.04

8	Taxes & Shipping	600 PCS Gold Disposable Dinnerware taxes	\$5.04
9	Taxes & Shipping	6 oz cups (100 cups) taxes	\$0.90
Initial Allocation Request			\$1,324.78
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (25%)			(\$331.19)
Total Allocation			\$993.59

Programs Funding App No. 2288 – Saudi Students Association

- **Application Title:** Ramadan Iftar
- **Description:** The Ramadan Iftar Gathering will bring students together to break fast at sunset and celebrate the spirit of Ramadan. The event promotes cultural understanding, community, and inclusion by sharing the traditions and values of this important month. Funding will support food, beverages, and event logistics to create an open and welcoming environment for all attendees.
- **Connection to Mission:** Ramadan is a holy month in Islam and where we fast from dusk to dawn. We usually break our fast with our family sharing a spiritual moment and traditional food. As Saudi students living abroad it's hard to enjoy those moments alone, so this events serves to honor those traditions and allow the students feel like they are home by bring our community together
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Definition: On-Campus
 - **Assessment – Standards Evaluation:** The University YMCA is not considered "On-Campus"
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.;Definition: On-Campus;Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** Fund line items 3, 4, 5, 6, 7, and 8 in full. Fund line item 9 at 25% since the event is located off-campus. Reasoning was not given for line items 1 and 2 as to how they relate to the organization or mission.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** Line items are all within standards. The Treasurer marked the location as On-Campus in the supplemental form, while the location is actually Off-Campus. This application can be funded at full consistent with an Off-Campus location reduction.

Programs Funding App No. 2100 – SKATE for Girls

- **Application Title:** Skate For Girls
- **Description:** Skate For Girls is a new RSO in Champaign-Urbana that combines math tutoring with figure skating to empower K-12 students through kinesthetic learning. The month-long program offers tailored skating and study sessions that foster both academic and athletic growth while sparking interest in STEM. Illinois students serve as mentors, providing guidance, encouragement, and positive role models for participants. By creating an inclusive and supportive environment, Skate For Girls helps young girls build confidence, develop new skills, and explore their potential in STEM fields.
- **Connection to Mission:** Skate For Girls directly aligns with the SORF mission by offering a unique, engaging program that enhances both academic and personal growth for K-12 students. Our initiative supports the Illinois campus community by providing valuable opportunities for student volunteers to mentor and engage in community service. Additionally, our program promotes STEM education and empowers young girls, directly benefiting the local community by inspiring future generations of leaders in both academic and athletic pursuits. The funding will help ensure the program remains accessible and impactful, supporting our mission of inclusivity and educational enrichment.
- **Illinois Student Attendance (estimated):** 50%, funding reduction of 50%

Programs Funding App No. 2120 – SKY Meditation at UIUC

- **Application Title:** SKY Happiness Retreat
- **Description:** SKY Happiness Retreat is a comprehensive well-being training designed for university students to develop strong physical, mental, and emotional health for achieving a stress-free, happy campus life. The SKY Meditation at UIUC RSO hosts this retreat on campus in an open, accessible, and fully funded format for all UIUC students. The retreat introduces “SKY Breath Meditation”, an evidence-based meditation practice integrated with breathwork that can significantly increase one's well-being and calmness and reduce anxiety and stress markers. The course features interactive group processes, experiential learning, emotional intelligence training, breath-work, yoga, and evidence-based meditation under the guidance of well-experienced certified instructors.
- **Connection to Mission:** The SKY Happiness Retreat program is central to our mission of bringing meditation, breathwork, emotional intelligence, social connection, and service leadership to all UIUC students. The breathwork and stress management tools taught in this retreat have shown significant mental health benefits in a recent study at Yale University (DOI link: <https://doi.org/10.3389/fpsy.2020.00590>). Key benefits include improved mindfulness, sleep quality, mental clarity, emotional resilience, social connection, and physical health. In the past retreats at UIUC many participants reported significant reduction from anxiety, depression, and suicidal thoughts. The self-care routine that students learn in the retreat helps achieve a happy, stress-free campus life.
- **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%

Programs Funding App No. 2184 – Society of Asian Scientists and Engineers

- **Application Title:** Beverage Chemical Experiments
- **Description:** We'll be using conducting experiments on everyday popular beverages to see how their chemical composition affects one another. We chose matcha, hojicha and various extracts as they're traditional, familiar and nostalgic to the Asian community. They connect to Asian heritage and cater to those students and give our chemical experiments a special spin than regular tea and coffee per se. Using school microscopes and beakers, we'll be examining the chemical makeup of these drinks and test how well their molecules can mix with one another.
- **Connection to Mission:** This workshop will educate students interested in chemistry and food science a chance to experience what it's like to be chemist that checks food's chemical composition. It'll give future knowledge on how to identify if chemicals are compatible and edible. Chemistry and Food Science students will be able to benefit from this experience and gain new skills for their careers. This relates to Society of Asian Scientists and Engineers' mission as we strive to promote career and skill development in science and engineering adjacent fields for Asian people, a historically underrepresented group in these fields.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Indira Bhagam
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** General Standard 7: Good Faith.; Definition: Mission
 - **Assessment – Standards Evaluation:** This program does not promote any of these objectives mentioned in the mission. The activity focuses on testing the chemical composition of beverages, which does not contribute to professional or leadership growth, career development, or cultural celebrat
- **Primary Reviewer 2:** Luke Granger
 - **Assessment – Standards Met?** Yes
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The Program is related to the mission of the student organization. All line items can be funded at full consistent with procedural reductions.

	Category	Item & Quantity	Total
1	Programming Supplies	5 orders of matcha, each 1 costs 39	\$195.00
2	Programming Supplies	5 orders of hojicha, each 1 costs 21.99	\$109.95
3	Programming Supplies	3 orders of milk, each 1 costs 5.29	\$15.87
4	Programming Supplies	10 orders of whisk set, each 1 costs 18.99	\$189.90
5	Programming Supplies	1 order of pandan extract	\$13.98
6	Programming Supplies	3 orders of ube extract, each 1 costs 5.48	\$17.94
Initial Allocation Request			\$542.64
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)

Off-Campus Event Reduction (0%)	(\$0.00)

Programs Funding App No. 2190 – Society of Asian Scientists and Engineers

- **Application Title:** Physics of Rollercoasters Workshop
- **Description:** In this workshop, students will be able to learn about structural integrity and mechanics of engineering a roller coaster by building a model using craft materials. Using marbles, they'll be able to simulate people riding their coaster, account for their weight and how that'll affect the physics of their coaster.
- **Connection to Mission:** This workshop will educate civil and mechanical engineering students interested in engineering a chance to experience what it's like to be roller coaster engineers. It'll give future knowledge on how to calculate heights, curves suitable for humans to ride and what makes rollercoasters structurally sound. Civil and mechanical engineering students will be able to benefit from this experience and gain new skills for their careers. This relates to Society of Asian Scientists and Engineers' mission as we strive to promote career and skill development in science and engineering adjacent fields for Asian people, a historically underrepresented group in these fields

Programs Funding App No. 2192 – Society of Asian Scientists and Engineers

- **Application Title:** Sunscreen, Skincare and Makeup Chemical Experiments
- **Description:** We'll be using conducting experiments on everyday sunscreen, skincare and makeup products to see how their chemical composition affects one another. Using school microscopes and beakers, we'll be examining the chemical makeup of these skin products and test how well their molecules can mix with one another. We chose products with active ingredients and strong acids to see how they may be more effective on skin versus regular skin products with none of these ingredients. We also chose some Asian sunscreens to compare how to compare their chemical formulation to American sunscreens to see if they're more effective.
- **Connection to Mission:** This workshop will educate chemistry students interested in skincare product development a chance to experience what it's like to be skincare chemist. It'll give future knowledge on how to identify if chemicals are compatible and skin-safe, in which concentrations are they safe in and in whose skin chemistry/types. Chemistry students will be able to benefit from this experience and gain new skills for their careers. This relates to Society of Asian Scientists and Engineers' mission as we strive to promote career and skill development in science and engineering adjacent fields for Asian people, a historically underrepresented group in these fields.

Programs Funding App No. 2194 – Society of Asian Scientists and Engineers

- **Application Title:** Metal Working Workshop
- **Description:** In this workshop, students will be able to learn how to make metal gears, screws, nuts and bolts using silver clay. They'll be able to build models of real-life parts engineers will be using and interacting with. We specifically chose the butane torch as our way to fire our pieces as it's hard to handle small pieces using a Bunsen burner, less risky than losing smaller pieces in a kiln, and more precise for smaller nooks to be fired properly. We've exhausted other options, and the torch would be the most effective and safest choice.
- **Connection to Mission:** This workshop will educate engineering students interested in creating parts for automobiles, power tools and such a chance to experience what it's like to be engineering metal. It'll give future knowledge on how to mold precise parts and gears and how to handle metals in those conditions. Material Engineering students will be able to benefit from this experience and gain new skills for their careers. This relates to Society of Asian Scientists and Engineers' mission as we strive to promote career and skill development in science and engineering adjacent fields for Asian people, a historically underrepresented group in these fields.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Indira Bhagam
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Luke Granger
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 12: Weapons;Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** Incorrect price on supporting documentation "1 order of microfiber cloths", line item "5 orders of butane torch, each 1 costs 39.99" violates prohibited items #12
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** The requested torch is explicitly designed to be used for culinary use or soldering use, and not intended to be used as a weapon. The discrepancy in prices for line item 10, microfiber cloths, can be resolved by funding the actual amount requested (\$9.90). All line items can be funded at full consistent with procedural reductions.

	Category	Item & Quantity	Total

Programs Funding App No. 2078 – Special Populations' Student Health Concerns Committee

- **Application Title:** Special Populations’ 31st Annual Health Fair
- **Description:** The Annual Health Fair at the University of Illinois promotes health awareness, improved well-being, and positive behavioral change among our diverse student body, including racial and ethnic minorities, women, people with disabilities, LGBTQIA+ individuals, international students, and those who are underinsured or uninsured. The fair hosts health-focused vendors and professionals offering free services such as cholesterol, glucose, STI, hearing, and vision screenings, as well as mental health support, chiropractic care, and wellness education. Our mission is to provide accessible, comprehensive health resources that empower all students to lead healthier, more informed lifestyles within our campus community.
- **Connection to Mission:** Our Student Organization’s mission is to promote health awareness, improve overall well-being, and ensure equitable access to health resources for all students, particularly underserved populations. The Annual Health Fair directly aligns with this mission by providing free health screenings, resources, and wellness education to the diverse University of Illinois community. By connecting students with essential health services and encouraging preventive care, the program fosters informed decision-making and long-term healthy behaviors, reinforcing our commitment to inclusivity and comprehensive health support for all individuals on campus.
- **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%

Programs Funding App No. 2167 – Steel Bridge

- **Application Title:** Steel Bridge Spring 1 2026 Programs Funding Request
- **Description:** This program is a recurring meeting, where students will work in the Newmark student shop to fabricate the bridge for the 2026 Student Steel Bridge competition. This program is open to all UIUC students.
- **Connection to Mission:** Our organization's mission is to provide students with a collaborative hands-on experience in steel design and fabrication through the annual Student Steel Bridge competition. Through this program, we will fabricate the bridge that we will bring to competition.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Matthew Roalkvam
 - **Assessment – Standards Met?** Yes

	Category	Item & Quantity	Total
1	Programming Supplies	High-strength steel thin-profile hex nuts, 2 50-packs at \$11.20 each	\$22.40
2	Programming Supplies	Extreme-strength grade 9 steel hex head screws, 3/4 in long, x2 25-packs at \$13.75 each	\$27.50

Programs Funding App No. 2054 – Student Aircraft Builders

- **Application Title:** SORF Programs Request - SAB
- **Description:** In order to complete the build of our P-51 aircraft, we have to complete the end section of the fuselage and wings. Then we have to skin the model using cardboard and sheet metal. We will design the canopy and landing gear next in the CAD software (Siemens NX) and use sheet metal to create the model and complete it.
- **Connection to Mission:** Building the fuselage, wings, and landing gear maximizes the learning potential of an engineering project, giving students hands-on fabrication and CAD experience. This experience encourages personal development by building tangible skills pertaining to sheet metal fabrication and working with tools. These collaborative workshops create a productive club atmosphere by which students learn from each other and help each other out.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No

Programs Funding App No. 2142 – The Scholarly Reading Circle For Economics at UIUC

- **Application Title:** Scholarly Reading Circle for Economics
- **Description:** This is a recurring scholarly reading and discussion series open to all UIUC students. The program is designed to foster campus-wide dialogue on critical economic issues and their intersection with policy and law. It supports the university's academic mission by providing a free, co-curricular opportunity for intellectual exploration. Funds will be used to provide the central text ('Nudge') to student attendees to remove financial barriers, and for campus-wide marketing to ensure all students are aware of this free educational opportunity.
- **Connection to Mission:** This program directly executes our mission to be a "space for students... to explore and discuss... interesting research... they might not otherwise encounter in coursework." The 'Nudge' reading circle provides this exact forum. It allows members to "listen to other members' perspectives" and "network with their intellectually curious peers" while analyzing a foundational, accessible economics book. This program is the literal fulfillment of our RSO's purpose.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Advertisements Not Fundable
 - **Assessment – Standards Evaluation:** The \$60 for advertisements cannot be funded as the application did not include the advertisement that would be put out, and per the table in the funding standards, that is required to be eligible for advertisement funding
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Advertisements Not Fundable
 - **Assessment – Standards Evaluation:** Flyers are non fundable.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** The two Board Members who reviewed this application seem to be in agreement. Line item 1 can be funded at full consistent with any procedural reductions. Line item 2 should be zero-funded due to the advertisements being printed (in the Standards, see: Programs 5 (Category Table) Advertisements)

	Category	Item & Quantity	Total
1	Programming Supplies	25 copies of the book: "Nudge" by Richard H. Thaler and Cass R. Sunstein	\$500.00
2	Advertisements	150 Flyers printed in color to advertise our open discussions about economics to every student	\$60.00
Initial Allocation Request			\$560.00
Allocation Reduction			(\$60.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$500.00

Programs Funding App No. 2282 – Transportation and Development Institute Graduate Student Organization

- **Application Title:** Distinguished Transportation Academic/Professional Speaker
- **Description:** The ASCE Transportation and Development Institute organization board is planning to host several seminars and talks during the Spring semester on ongoing, and innovating topics related to transportation engineering. One of the talks is planned to be given by the distinguished speaker Dr. Angeli Jayme, who currently works as Assistant Professor at the Arizona State University. Dr. Jayme’s work and research include tire-pavement interaction, asphalt materials, pavement structural mechanics, damage quantification, pavement rehabilitation and preservation, energy harvesting, and advanced mobility.
- **Connection to Mission:** Part of our mission is to support the successful professional development of Illinois Students. This series of seminars and talks will allow Illinois Students to be updated with innovative and novel trends and topics in transportation field, and will also allow them to network with outstanding transportation professionals and academics boosting their career growth.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2196 – Turkish Student Association

- **Application Title:** Turkish Mid-Spring Traditional “Lahmacun” Day
- **Description:** We want to welcome the spring season with delicious, freshly baked traditional lahmacun. This gathering celebrates the warmer weather with a classic feast, complete with a variety of fresh salads and traditional appetizers.
- **Connection to Mission:** The Turkish Student Association (TSA) is dedicated to building a supportive community and promoting Turkish culture across the campus. This "Lahmacun Day" event brings those who are interested in tasting Turkish food culture together, serving as a welcoming opportunity to introduce the wider campus to Turkish traditions and foster cross-cultural friendship.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Yes

	Category	Item & Quantity	Total
1	Programming Supplies	Catering for 120 lahmacuns (2 units/person) at a total cost of \$1074. Lahmacun is a thin, crispy Turkish flatbread topped with seasoned minced meat and vegetables.	\$1,074.00
2	Space and Equipment Rentals	Event is planned to be held in CIF space, we will use the projector and do a presentation about Turkish dishes.	\$250.00
3	Taxes & Shipping	Delivery fee from Chicago	\$225.00
Initial Allocation Request			\$1,549.00
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$1,549.00

Programs Funding App No. 2198 – Turkish Student Association

- **Application Title:** Turkish Kebab Day
- **Description:** This event is a cultural event designed to introduce the University of Illinois community to Turkish kebab, a cornerstone of traditional Turkish cuisine. A cornerstone of the culture, 'kebab' refers to a wide variety of grilled and roasted meat dishes, seasoned ground meat (like Adana kebab) to the world-famous döner kebab.
- **Connection to Mission:** By sharing an authentic experience like Turkish kebab, we create a welcoming space for community building. This program allows us to introduce our heritage to the wider campus community in an engaging and accessible way.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Yes

	Category	Item & Quantity	Total
1	Programming Supplies	To provide an authentic tasting experience, we will be ordering Adana kebab, a special type of Turkish kebab made from spicy, hand-minced meat.	\$600.00
2	Programming Supplies	For an authentic tasting experience, we will be ordering doner kebab, a special variety of Turkish kebab consisting of meat roasted on a vertical spit.	\$600.00
3	Space and Equipment Rentals	We will be using the CIF room.	\$250.00
4	Taxes & Shipping	Taxes and shipping from Chicago	\$453.75
Initial Allocation Request			\$1,903.75
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$1,903.75

Programs Funding App No. 2094 – Women of Pride

- **Application Title:** Women of Pride UIUC
- **Description:** This craft night is meant to bring members of the queer community together to express ourselves in a way that is not always possible. Art has historically been used as a way of healing and building community with others, and during our craft night we will be sharing personal anecdotes and expressing ourselves through painting. Many of our members are artists themselves, so the act of painting is familiar and comfortable.
- **Connection to Mission:** This student organization’s mission is to foster community for queer people and provide a nonjudgmental space for us to share our experiences without fear. Inspired by the longstanding tradition of queer signaling through clothing, the heart carabiners are made to signal to other students that they are part of women of pride or are friends of the queer community. This craft night will be integral to creating a space for those who may have trouble finding it elsewhere and strengthen the bonds between our group members as we learn more about each other’s experiences on an intimate level.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Devansh Nandwana
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.
 - **Assessment – Standards Evaluation:** Fund line items 1-4 in full. Line item 5 is a grouping of two separate items.
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** Both items included in line item 5 are listings of the same carabiners, just from different vendors. Given the items, themselves, are the same, it is not strictly necessary for them to be delineated. All line items can be funded at full consistent with any procedural reductions.

	Category	Item & Quantity	Total
1	Programming Supplies	Mini canvases	\$18.00
2	Programming Supplies	Paintbrushes	\$16.00
3	Programming Supplies	Paintable rocks	\$17.00
4	Programming Supplies	Acrylic paint	\$16.00
5	Programming Supplies	Heart carabiners	\$17.00
Initial Allocation Request			\$84.00
Allocation Reduction			(\$0.00)
Non-Illinois Attendee Reduction (0%)			(\$0.00)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$84.00

Programs Funding App No. 2255 – Xtension Chords A Cappella

- **Application Title:** Xtension Chords Spring 2026 Show
 - **Description:** Each year the Xtension Chords put together a show in the spring semester. We put on the show to display our music that we have worked on for competition as well as for general entertainment. The show is specifically for the entertainment of people on and around our campus to enjoy our art. To make our show accessible to all students, we do not charge and perform in a building on the quad.
 - **Connection to Mission:** This program is directly relating to our mission statement as we love to perform for any and all groups on or off campus who desire to enjoy our art. As a competitive group, we also perform our competition set at this program further showing our dedication to being a competitive a cappella group on campus.
 - **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%
 - **Will Illinois students be assessed a fee for entrance or participation?** No
 - **Location of Event:** On Campus
 - **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Programs Table: Advertisements Not Fundable
 - **Assessment – Standards Evaluation:** Line items 2 and 3 meet SORF standards. Line item 1 violates SORF standards: no current advertising mockup.
 - **Primary Reviewer 2:** Colin Crook
 - **Assessment – Standards Met?** Yes
- Chairperson’s Review:** Alex Koscielski
- **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** I agree with Board Member Hoppock's assessment. There is an advertisement supplied in the application, but it is for a previous Program not being applied for in this application. In the Standards under Programs in the category table, Treasurers "must include the advertisement at the time of applying." Given the supplied advertisement is not for the applied-for Program, it cannot be funded. Line items 2 and 3 can be funded at full consistent with any procedural reductions. Line item 1 should be zero-funded as there is no advertisement for the Program submitted.

	Category	Item & Quantity	Total
1	Advertisements	This is the cost for digital signage across university housing. We will be doing 4 weeks at 30\$/week.	\$120.00

3	Programming Supplies	This is the cost for renting out the microphone/sound system from No Comment A Cappella for a single day.	\$500.00
Initial Allocation Request			\$1,102.40
Allocation Reduction			(\$120.00)
Non-Illinois Attendee Reduction (5%)			(\$49.12)
Fee Charged to Illinois Student Reduction (0%)			(\$0.00)
Off-Campus Event Reduction (0%)			(\$0.00)
Total Allocation			\$933.28

Services Pre-Funded Applications

Services Funding App No. 2171 – American Institute of Aeronautics and Astronautics Student Branch

- **Application Title:** American Institute of Aeronautics and Astronautics Services
- **Description:** The American Institute of Aeronautics and Astronautics is requesting Services funding to acquire essential tools and materials that support the technical, educational, and operational goals of the organization. These items are all absolutely necessary for the safe and effective execution of our many aerospace projects.
- **Connection to Mission:** This Services Application directly supports AIAA's mission to develop the next generation of aerospace professionals by equipping the organization with tools that enhance hands-on learning and technical engagement. The requested items will strengthen the organization's ability to educate, innovate, and collaborate within the aerospace community. Moreover, they will be utilized across the organization to support students looking to gain practical experience that complements their academic studies.
- **Primary Reviewer 1:** Briton Rasmussen
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.
 - **Assessment – Standards Evaluation:** Included cost of taxes and shipping in the total cost of the items instead of as its own line item.
- **Primary Reviewer 2:** Devansh Nandwana
 - **Assessment – Standards Met?** Yes
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** Taxes and Shipping may be delineated by vendor or may be included with each line item depending on what is simplest/clearest for each application. All line items can be funded at full.

	Category	Item & Quantity	Total

Services Funding App No. 2022 – Arm Wrestling Club at UIUC

- **Application Title:** Arm Wrestling Club at UIUC's Service Request for equipment for training during general body meeting
- **Description:** Our organization need funding to buy a professional arm wrestling table and pulley as the essential equipment to provide our members access to safe and efficient training experience.
- **Connection to Mission:** Our organization serves to promote and organize the safe training, practice, and competition of the sport of arm wrestling. Specialized and reliable equipment is essential to the safeness and effectiveness of a sport. A sturdy table with specialized shape can prevent falling and keep our member practice this sport with a safe form. And an adjustable pulley attached to the table can help our member familiarize right position and train in a more controllable environment. This table and pulley will be used at general body meeting so every single member can use that freely.
- **Primary Reviewer 1:** Ayesha Khan

- **Primary Reviewer 2:** Sam Royer
 - **Assessment – Standards Met?** Yes

	Category	Item & Quantity	Total
1	Essential Equipment	Armwrestling table	\$580.00
2	Essential Equipment	Adjustable pulley	\$122.50
3	Taxes & Shipping	Sales tax	\$63.23
Initial Allocation Request			\$765.73
Allocation Reduction			(\$0.00)
Total Allocation			\$765.73

Services Funding App No. 2272 – Astronomical Society at the University of Illinois at Urbana-Champaign

- **Application Title:** University of Illinois Astronomical Society Spring 1 2026 SORF Request
- **Description:** The requested items help us in furthering out goals of bringing astronomy to everyone and will enhance the experiences of our members. These are all essential items, and will find repeated use in the future.
- **Connection to Mission:** Our funding request covers a variety of essential equipment to support our mission to inspire curiosity and foster a deep appreciation for the cosmos among U of I students and the greater Champaign, Urbana (CU) community.
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.; Services Funding Table: Essential Equipment not fundable;
 - **Assessment – Standards Evaluation:** Line items 3, 9, 10, 11, and 12 violate SORF standards: non-fundable essential equipment (line items 3, 9, 10, and 12) and no supporting documentation for line items 3, 10, and 11.
- **Primary Reviewer 2:** Briton Rasmussen
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.
 - **Assessment – Standards Evaluation:** Fund line items 5 and 13 in full. All other line items include taxes and shipping in the total cost of the item (grouping).
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** I agree with Board Member Hoppock's assessment above. Line items 1, 2, 4, 5, 6, 7, 8, and 13 can be funded at full. Line items 3, 9, 10, 11, and 12 should be zero-funded for the reasons stated by Board Member Hoppock.
- **Administrative Note:** Line item 2 is not fundable, as it pertains to recruitment.

	Category	Item & Quantity	Total

Services Funding App No. 2080 – Ballet Folklorico Mitotiani

- **Application Title:** Ballet Folklorico Mitotiani
- **Description:** Ballet Folklorico Mitotiani strives for an accurate representation of all the regions we perform. Through this request we would be purchasing 4 new dresses for the region of Aguas Calientes, a state in Mexico. By purchasing these dresses we would expand on the regions we currently already have, we would be able to represent another state in Mexico which our community has roots in, and we would enrich our members experience as they are able to learn more through this new region.
- **Connection to Mission:** Through this service we would be able to "create an understanding and connection of Mexican and Latinx culture" and " represent the various regions of Mexico on campus". We would expand the regions we have and provide better representation of not only the student body but the CU area. As an organization we look forward to expanding our services and reach within the community and by buying these dresses and expanding the regions we dance we would be doing that.

Services Funding App No. 2026 – Beekeeping Club at UIUC

- **Application Title:** Beekeeping Club's Service Request for Hive Maintenance and Health
- **Description:** The frame rests, deep and medium hive components, and deep and super frames are all critical to improving the internal facilities of our hives. Many of our frames are old and deteriorating, and keeping them inside the hives can pose a risk to the bees. The remaining items are all more closely related to hive health, including feeding supplements for the winter and beetle prevention materials, as those insects greatly threaten hive health.
- **Connection to Mission:** This services application is directly related to our hive, maintenance and health. Improvement of the hive internals is critical to the longevity of our hives and of our club, and these improvements help keep new members interested in the success of the hives. The feeding and de-beetling of our hives also makes them livelier and healthier, allowing for more honey and more beekeeping activity.

Services Funding App No. 2252 – Cancer Health Advocacy, Research, and Mentorship at UIUC

- **Application Title:** CHARM's Service Request for Spring 1 2026
- **Description:** CHARM is seeking Services funding to acquire reusable educational and outreach equipment that supports our mission of cancer education, advocacy, research, and mentorship. Requested items include anatomical models, a digital microscope with slides, a mentorship toolkit, and professional displays. These tools will be used in meetings, workshops, and campus events across multiple semesters, providing long-term value to our organization. By offering accurate visuals and interactive materials, this equipment will strengthen CHARM's efforts to educate about cancer, empower future healthcare professionals, and sustain our ongoing operations.
- **Connection to Mission:** This Services Application directly supports CHARM's mission to empower future healthcare professionals through cancer awareness, advocacy, research, and mentorship. The requested educational models, digital microscopes, mentorship toolkit, and professional displays will allow members to visualize cancer anatomy, study disease mechanisms, and engage peers through interactive learning and outreach. These resources strengthen both the scientific and mentorship aspects of our organization by connecting classroom knowledge to real-world health education. Together, they make CHARM's meetings, mentorship sessions, and advocacy events more impactful, accessible, and mission-aligned across multiple semesters.

Services Funding App No. 2221 – CHOOM

- **Application Title:** CHOOM's Service Request for Recurring Space Rental
- **Description:** CHOOM is requesting Services funding to support practice room rentals. Weekly practices prepare members for performances that celebrate creativity, cultural connections, and diversity across campus with other RSOs. Funding makes these items more affordable and accessible, ensuring all members can fully participate, form meaningful bonds, and carry forward memories of their time in the organization.
- **Connection to Mission:** CHOOM's mission is to unite students through dance, promote cultural connections, and celebrate diversity while fostering friendships and belonging. Funding for practice spaces ensures members can meet regularly to rehearse and share their passion for dance, and feel more motivated and meaningful to work together for future performance.

- **Primary Reviewer 2:** Luke Granger
 - **Assessment – Standards Met?** Yes

	Category	Item & Quantity	Total
1	Recurring Space Rentals	CHOOM is requesting funding for the rental of Multi-Purpose Rooms in the ARC to practice for our performances. The quantity of this item is 69(hours) for the Spring Semester(excluding spring break). Every semester, we participate in several dance showcases/competition/performance with other dance groups, as well as our own hosted event. We usually do a dance cover and sometimes choreography for these shows, and therefore must rent multi-purpose rooms in the ARC to practice. We will use the rooms for 69 hours to prepare for our performance throughout the spring semester, and the price of renting a MultiPurpose room at the ARC is \$13 per hour for RSOs, therefore we are requesting \$13 * 69 = \$897.00	\$897.00
			Initial Allocation Request \$897.00
			Allocation Reduction (\$0.00)
			Total Allocation \$897.00

Services Funding App No. 2062 – Club Tennis

- **Application Title:** Club Tennis
- **Description:** Our organization is making this request for Services funding because practices and having courts available are essential to the operation of our club and ensuring that members get the most out of their participation in Club Tennis. Tournaments also allow for additional opportunities for club members to compete outside of practices.
- **Connection to Mission:** Our requested items align with Club Tennis’ mission/purpose because they ensure that sufficient space is available for our members to engage weekly practices. This further connects them within the tennis community and ultimately both form bonds and improve their tennis skills, whether that be on a competitive or recreational level.

Services Funding App No. 2110 – Craft Bakers Union

- **Application Title:** Craft Bakers Union Service Request for Essential Equipment, Recurring Space Rentals, and Taxes & Shipping
- **Description:** We are a new organization with aggressive growth plans for the Spring semester. We are set on bringing together bakers of all levels of experience and the equipment/room rentals we are requesting will let us achieve these goals. All items we are requesting are essential for our operations as we plan on several bake sessions with various recipes throughout the next semester.
- **Connection to Mission:** The specific part of our mission that the items relate to most is: "The student organization will encourage fine baking through workshops, demonstrations, and general meetings in which traditional baking methods and recipes will be developed, tested, and shared." All items we are requesting will be used to execute the mission of our organization as we bake several recipes using an array of equipment. The kitchen at the ARC will give us the space to do this!

Services Funding App No. 2216 – Creative Writing Club

- **Application Title:** Creative Writing Club's Service Request for Printing Zines
- **Description:** We are requesting this funding to cover the costs of printing zines, a physical expression of our members' creative writing, which we use in meetings for active discussion.
- **Connection to Mission:** This request directly relates to our mission of enabling members to express themselves creatively as it serves as motivation for members to produce creative work, and it allows us to create a community of like-minded creators as we can come together to discuss and critique each others' work in a tangible way.
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Luke Granger
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Application cannot be funded as the printed media is not necessary for the success and operations of the organization in it's mission on file with Student Engagement.

	Category	Item & Quantity	Total
±	Essential Equipment	Printing costs for zines	\$136.00
Initial Allocation Request			\$136.00
Allocation Reduction			(\$136.00)
Total Allocation			\$0.00

Services Funding App No. 2290 – C-U Cinefile

- **Application Title:** C-U Cinefile's Service Request for Savoy 16 Super Saver Tickets
- **Description:** Savoy 16 offers a “Super Saver” deal that allows groups to purchase \$8 tickets in bundles of 50 tickets or more and allows those tickets to be used on any of their regular screenings We are looking to purchase 103 tickets (one for each Onellinois registered member of our organization) * \$8 for a total of \$824 requested from SORF. By distributing these pre-purchased tickets with the aid of SORF services funding, our members will all get to watch at least one film and bring a more nuanced discussion of film as a media to our regular club meetings.
- **Connection to Mission:** The timing of these tickets falls in conjunction with pre-Oscars ceremony nominee screenings at the Savoy theater, so these tickets will enable a larger number of our members to see these awardees at no cost, facilitating a more enfranchised and diverse discussion without a paywall to see contemporary movies that only are shown in theaters. Given that our mission is to enable as many people to engage in critical analysis and discussion of film, giving out free tickets for an on-campus movie theater eliminates the financial barrier many have with seeing film in theater.
- **Primary Reviewer 1:** Kedar Manda
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Services Funding Table: Registration Fees not fundable

 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** Registration fees for off-campus events can be funded in a Services application. Travel off-campus for an off-campus event is not fundable. All line items can be funded at full.

	Category	Item & Quantity	Total
1	Registration Fees	\$8 per ticket at 103 members = 8 * 103 = 824	\$824.00
Initial Allocation Request			\$824.00
Allocation Reduction			(\$0.00)
Total Allocation			\$824.00

Services Funding App No. 2195 – Dancing Illini

- **Application Title:** Speaker for the operations of dancing illini's classes
- **Description:** We are in need of a loud and portable bluetooth speaker to conduct the dance classes, that is enough for a class of 50 people in a large room like the ballroom of Illini Union. This speaker fits our needs well, and is absolutely essential for the functioning of our RSO.
- **Connection to Mission:** We teach Latin dancing by conducting classes during the semester. This serves our goal of promoting Latin dancing among the students of UIUC. Buying the speaker is essential for conducting the classes and hence directly serves out RSO's mission.
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.;
 - **Assessment – Standards Evaluation:** All line items violate SORF standards: multiple different items in same line item.
- **Primary Reviewer 2:** Kedar Manda

- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** Taxes and Shipping may be delineated by vendor or may be included with each line item depending on what is simplest/clearest for each application. All line items can be funded at full.

	Category	Item & Quantity	Total
1	Essential Equipment	1 speaker: \$478.99 (base price)+ \$43.11(tax)=\$522.1	\$522.10
Initial Allocation Request			\$522.10
Allocation Reduction			(\$0.00)
Total Allocation			\$522.10

Services Funding App No. 2097 – Dheem

- **Application Title:** UIUC Dheem's service request for uniforms and registration fees
- **Description:** Our organization is requesting Services funding to support the logistical and technical needs of DHEEM's upcoming competition season. These services are essential to enhance participant experience and represent UIUC's diverse student talent across the nation and within campus. Funding will allow us to focus on creativity, engagement, and community outreach while maintaining high production standards.
- **Connection to Mission:** This Services Application supports DHEEM's mission to share South Asian culture and creativity with the campus community. Having proper technical and production services helps us put on performances that truly reflect the energy and passion of our members. It allows us to focus on connecting with the audience and celebrating our culture in an engaging, meaningful way.

Services Funding App No. 2121 – Eastern European Illini

- **Application Title:** Eastern European Illini Service Request for Microphone for Karaoke Events
- **Description:** Eastern European Illini is requesting Services funding for a microphone to support our recurring karaoke events, which celebrate music from Eastern European cultures. These events promote cultural appreciation, student engagement, and community building in a fun and inclusive setting. A microphone is essential to ensure performances are heard clearly and the event runs smoothly. Having our own microphone will allow us to host them more frequently throughout the year.
- **Connection to Mission:** This service item directly supports our mission by providing essential equipment for our cultural events, specifically karaoke nights. These events foster community, celebrate Eastern European music and traditions, and create an inclusive space for students to connect and share their heritage. By funding the microphone, we enhance our ability to engage participants and promote cultural awareness, which aligns with our goal to encourage appreciation and understanding of Eastern European culture among the University of Illinois community.
- **Primary Reviewer 1:** Devansh Nandwana
 - **Assessment – Standards Met?** Yes

Total Allocation			\$186.95

Services Funding App No. 2180 – EMS and Emergency Medicine Club at UIUC

- **Application Title:** EMS and Emergency Medicine Club at UIUC
- **Description:** The EMS and Emergency Medicine Club at UIUC serves to educate the next generation of providers who want to make a positive impact in the world of urgent healthcare. We will guide students on how to become involved in EMS, provide resources such as guest speaker events and hands-on skills presentations to teach more about this field, and support underserved first responder communities through service.
- **Connection to Mission:** Requesting funding for our organization is necessary 1) to provide necessary supplies for hands-on practice, including medical equipment, uniforms, mock patient dummies, and resuscitation equipment; and 2) to provide necessary supplies to set up at least three fundraisers for the Spring 2026 semester, including tables, and other promotional items.
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Insufficient Supporting Documentation; Wrong Application Type
 - **Assessment – Standards Evaluation:** In the supporting documentation, it seems like there are items that are meant to be part of a programs request and items that are meant to be part of a services request. There are mismatched values between those requested and those listed in the supportin
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 3: Fundraising; Prohibited Types of Items & Requests 8: Recruitment and Membership
 - **Assessment – Standards Evaluation:** Line items 9-10: Description says "for future fundraiser"- unsure if this fundraiser is meant to service the industry (mentioned in mission) or for RSO itself. Line items 11-12 seem to be for the purpose of recruitment
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** Line items 1, 2, 3, 4, 5, 6, 7, and 8 can be funded at full. Line items 9, 10, 11, and 12 should be zero funded: these items appear to be intended for a Programs application, but regardless of intent with the application type, these items are intended to be used for recruitment efforts, which is not fundable (Prohibited Items #8: Recruitment & Membership).

Services Funding App No. 2111 – Gah Rahk Mah Dahng

- **Application Title:** Gah Rahk Mah Dahng's Service Request for Uniforms and Equipment for improving our performance and to allow every member to perform together.
- **Description:** This year's recruitment was successful, and we plan to expand next year. Since only one student is graduating, we currently have just one available instrument. Therefore, we request 4 additional instruments (2 buks, 2 janggus) and 3 costumes. As we plan to begin standing performances, we also need stage shoes. We are repairing 6 tricolor sashes that twist during performances. Lastly, our 2 kkwaenggwari sticks are dented and require repair, and we would like to add a neoseul stick for the lead player.
- **Connection to Mission:** Our mission is to spread Korea's tradition through Korean percussion. By obtaining more equipment, enabling more members to perform, and expanding to standing performances with the neoseul stick to lead the rhythm, we can deliver higher-quality performances that engage audiences and inspire more people to learn about Korea's rich cultural heritage.

Services Funding App No. 2030 – Girls Next Door A Cappella

- **Application Title:** Girls Next Door: Spring 2026 Services SORF Application for Rehearsal Rooms
- **Description:** We are requesting funding to rent ARC multipurpose rooms to prepare for our annual Spring Concert, which will take place in April 2026. The week leading up to the show (Monday through Friday), we practice from 7 pm-10 pm and cannot use our usual, free practice room in the Armory, as these practices entail heavy choreography. Therefore, to ensure our set looks polished and performance-ready by the show, we are requesting funding to cover the cost of 12 hours in an ARC multipurpose room.
- **Connection to Mission:** This program directly supports Girls Next Door’s mission to create accessible, high-quality performances for the University of Illinois community by making our annual Spring Concert free of charge to all students. By covering the cost of ARC multipurpose rooms for rehearsal, we can refine both our musical and choreographic skills to deliver a memorable show that students from all backgrounds can enjoy without any financial barrier. The funding ensures that we can offer an inclusive and engaging artistic experience to the student body, enriching campus life and supporting our commitment to keeping the arts accessible for everyone.

- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** Line item 1 can be funded at \$156.00. In the application, a quantity of 12 hours at \$13.00 an hour is explained, which totals \$156.00 and not the \$195.00 requested.

	Category	Item & Quantity	Total
1	Recurring Space Rentals	ARC Multipurpose Room Rental - Coordinated through Campus Recreation (costs \$13/hour in multipurpose room 1, 2, 3, 4, or 5)	\$195.00 \$156.00
Initial Allocation Request			\$195.00
Allocation Reduction			(\$39.00)
Total Allocation			\$156.00

Services Funding App No. 2289 – Grupo Illini

- **Application Title:** Grupo Illini Percussion Accessories
- **Description:** Grupo Illini is making this request for accessories of the percussion instrument that ensure that the quality is not compromised.
- **Connection to Mission:** This Services Application directly relates to Grupo Illini's mission because congas are present in a plethora of Latin American songs. Receiving funding for this equipment preserves the integrity of the instrument.
- **Primary Reviewer 1:** Kedar Manda

Services Funding App No. 2234 – Habitat for Humanity Campus Chapter

- **Application Title:** Habitat for Humanity Campus Chapter's Request for Event Registration Fees
- **Description:** We are requesting funding for Registration fees for Collegiate Challenge, a Habitat for Humanity educational and build event that allows participants to learn about housing insecurity and the different ways Habitat for Humanity works to solve it.
- **Connection to Mission:** Collegiate Challenge directly relates to the "We hope to inspire students about the importance of giving back to our community through decreasing housing insecurity" message in our organization's mission, as event participants would get to learn about housing insecurity ("importance of giving back") throughout the US and learn how to build housing to reverse housing insecurity ("decreasing housing insecurity").

Services Funding App No. 2132 – Illini Aerial Robotics

- **Application Title:** Illini Aerial Robotics
- **Description:** We need to train machine learning models to power the drone's autonomous capability and decision-making. A GPU is needed to train models and would be used recurrently year after year to carry out this task.
- **Connection to Mission:** This is an essential item because our drone must run on trained models. Otherwise, we cannot bring to life the autonomous aspect of the drone.

Total Allocation			\$3,698.00

Services Funding App No. 2104 – Illini Autonomous Vehicles

- **Application Title:** IAV's Service Funding Request for SUAS Competition Fees and Materials.
- **Description:** Our organization is requesting Services funding to cover the SUAS competition registration fee and essential materials to build an autonomous drone UAV. Participation in SUAS allows members to apply classroom concepts in a hands-on, interdisciplinary project involving engineering, programming, and business. Funding will enable us to represent the university at a national level, enhance our technical and analytical skills, and continue developing innovative autonomous systems that advance both learning and collaboration within our team.
- **Connection to Mission:** This Services Application directly supports our mission by providing resources that allow members to apply classroom knowledge to real-world projects in the UAV field. Funding for the SUAS competition and drone materials enables hands-on learning through design, programming, and testing of autonomous systems. These experiences strengthen members's technical and problem-solving skills while fostering collaboration and innovation, aligning perfectly with our goal of bridging academic concepts with practical applications in unmanned aerial vehicle development.

Services Funding App No. 2257 – Illini Crusaders

- **Application Title:** Spring 1 2026 Illini Crusaders Services Application
- **Description:** We are making this request so that our organization can continue to provide models free of charge to all students that attend our general meetings(game days) through our club loan program which allows students to use models on request for the duration of the general meeting. This program has been a success and driven membership growth.
- **Connection to Mission:** Our mission is to provide an inclusive and supportive community on campus for all those illini interested in miniature gaming. To this end all of the requested materials will support our club loan program in some way, which is the program through which we ensure that anyone regardless of means can participate in our general meetings and be properly introduced to the miniature gaming hobby.
- **Primary Reviewer 1:** Indira Bhagam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Procedural Standard 8: Quantities.
 - **Assessment – Standards Evaluation:** While the resin supports the organization’s 3D printing operations, the request for some of the quantities seems excessive.

Services Funding App No. 2277 – Illini Film and Video

- **Application Title:** Equipment Request
- **Description:** We have come to realize that the quality of equipment we currently have is a bit outdated and we are trying to revamp out current equipment in order to ensure better film production quality.
- **Connection to Mission:** IFV would greatly benefit from Sony A7S III camera due to its exceptional video quality, versatility, and user-friendly features, not to mention its renowned remarkable low-light performance making it ideal for outdoor setting at dusk or at night. Additionally the Sigma 24-70mm lens would be an essential tool for IFV because it offers an ideal balance of versatility, image quality, and functionality for a wide range of filming scenarios. With these two products, IFV will be able to take their film making to the next level.

Services Funding App No. 2149 – Illini Fly Fishing

- **Application Title:** Illini Fly Fishing Service Request for Essential Equipment including Nets, Flies, and Fly Tying Tools
- **Description:** For this funding cycle, we are excited to request to expand our club’s essential equipment, including nets, flies, and a fly tying vice. These additions will allow many more UIUC students to experience fly fishing, even if they do not own their own gear. By providing this essential equipment, we aim to make our activities more accessible to students of all backgrounds. This investment will directly enhance our workshops, outings, and campus events, ensuring that all students can participate fully and comfortably.
- **Connection to Mission:** This request directly supports our mission of making fly fishing accessible, inclusive, and conservation-focused. By equipping the club with additional nets, flies, and fly tying vices, we can accommodate the growing interest in our events and ensure that participation is always free for students. The expansion of our gear selection will allow students of all backgrounds to easily and comfortably engage in the sport, removing barriers to involvement. These resources will strengthen our ability to teach fly fishing, host conservation-focused activities, and foster a welcoming environment for all students at U of I.

Services Funding App No. 2164 – Illini Ishaara

- **Application Title:** Funding Request for Illini Ishaara (Indian Classical Dance Team) 2025-2026 season
- **Description:** We are seeking funding to support our involvement in on-campus performances as well as our participation in competitive showcases at the national level. Through on-campus performances and participation in classical competitions across the country, we aim to represent UIUC with pride, as well as spread Kathak and increase its exposure as an art form.
- **Connection to Mission:** The budget for costumes (dress, jhumar, jewelry, hair garland) directly help us authentically portray Kathak as an Indian classical dance form, effectively communicate traditional stories rooted in Indian history, and further our mission of promoting South Asian culture. The budget for room rentals (audition, clinics, competition audition video) help us build a strong team for performances and allow us to present our kathak routines with the professionalism, authenticity, and precision necessary to be competitive at the national level. Our budget for registration fees helps us be able to apply to the 12 competitions and attend these competitions.
- **Primary Reviewer 1:** Devansh Nandwana
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Matthew Roalkvam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** General Standard 6: Purchase Timing.;Insufficient Supporting Documentation;
 - **Assessment – Standards Evaluation:** Item 1: mentions diwali 2025. Supporting Documentation is impossible to follow
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items can be funded at full. It is recommended future applications use the provided supporting documentation template available at sorf.illinois.edu.
- **Administrative Note:** Line items 1, 2, 3, and 4 cannot be funded, as the same items were purchased last year and should be able to be used for multiple years. Line items 4, 5, 6, 7, 8, 9, and 10 cannot be funded as the purchases are outside of the funding period.

	Category	Item & Quantity	Total
1	Costumes	We are planning to purchase dresses from Arati International for our Fall 2025 Diwali Night performance. Last year, our cost per dress was \$25, with a total expense of \$275 for 11 members. With 11 dancers this year, we have estimated a budget of \$275 for this year’s Diwali Night performance. These dresses are essential for our team to authentically portray the Indian classical art form of Kathak and maintain its cultural integrity while presenting to our audience.	\$275.00
2	Costumes	Jewelry Set (Earrings + Necklace + Tikka) We are seeking funding to purchase traditional Kathak jewelry sets and hair garlands for our entire team. A traditional Kathak performer is accessorized with an Indian Kathak dress, jewelry, hair garland, and bells. These items are essential to authentically portray Kathak as an Indian classical dance form and to effectively communicate traditional stories rooted in Indian history, in order to further our mission of promoting South Asian culture. Some of the required jewelry for each dancer includes: one necklace, two earrings, and one tikka (forehead adornment). The total cost per individual is \$36.99 for all four pieces. Our membership of 11 this year leads to a budget of \$406.89.	\$406.89
3	Costumes	Jhumar is another piece of the customary jewelry required for kathak dancers. The cost per jhumar is \$13.99, leading to a budget of \$153.89 for our membership of 11 individuals.	\$153.89

4	Costumes	We are also seeking funding to purchase hair garlands (gajra) for our entire team. As one of the key accessories worn by a Kathak dancer, the gajra is essential to maintaining the authenticity of our performances. Each pack of gajra is priced at \$12.99 for six pieces. As we have a team of 11 members, we would require two packs, bringing the total cost to \$25.98.	\$25.98
5	Registration Fees	Every November, our team applies to the Indian classical dance circuit, Origins, where we compete in smaller competitions across the country to accumulate points that qualify us for the national competition in April. By participating in these events, we not only spread greater awareness of South Asian culture through our performances but also represent our University at the national level. Each competition requires a \$30 application fee. In November 2024, we applied to all 12 competitions, resulting in a total expense of \$360. The zelle screenshot is from last year's transfer. As this circuit is highly competitive, we plan to apply to all available competitions again this year to ensure a fair chance at being accepted and representing our dance form, South Asian culture, and UIUC at the national level. This year, there are 13 competitions in the Origin's circuit (2 affiliate competitions + 11 bid competitions). Documentation of the confirmation of all of these confirmations is attached in the pdf as screenshots of Origin's Instagram. There is one screenshot as proof of the 2 affiliate competitions and 1 screenshot as proof of the 11 bid competitions. We are therefore seeking funding of \$390 (13 *30) to cover the application fees for all competitions in the circuit.	\$390.00
6	Registration Fees	Once accepted into each competition, every team member is required to pay a registration fee to the organizers to cover participation costs during the competition weekend. This past year, the Sitaara competition charged a registration fee of \$80 per person. Our anticipated registration cost for this competition is \$880 for our membership of 11. This expense is essential to the success and operation of our team. In order to participate in the Origins Classical Circuit, it is critical that all members attend every competition. Funding for these registration fees will ensure our team can compete fully, spread awareness of Kathak and South Asian culture, and represent UIUC at a national level.	\$880.00
7	Registration Fees	Once accepted into each competition, every team member is required to pay a registration fee to the organizers to cover participation costs during the competition weekend. This past year, the Dhirana competition charged a registration fee of \$70 per person. Our anticipated registration cost for this competition is \$770 for our membership of 11.	\$770.00
8	Essential Equipment	For the audition process this semester, we have planned two days of clinics. Clinics are designed for prospective new members to learn the 2025â€2026 audition piece and gain insight into Ishaara from the current team, making them eligible to audition. Prospective new members are required to attend at least one day of clinics. Our clinics this year will be held in ARC MP2 and MP4, as these spaces provide the room and mirrors needed to effectively teach and demonstrate the audition piece. The hourly RSO rate is \$13 for both spaces. Each clinic day is two hours, bringing the total clinic cost to \$52. Clinics are essential to building a strong team for our upcoming performances and competitions.	\$52.00
9	Essential Equipment	Our 2025-2026 auditions will be held in CRCE MP2 for two days for two hours each day. The hourly RSO rate is \$13 for both spaces, leading to an audition cost of \$52.00. These spaces provide the room and mirrors needed to effectively teach and demonstrate the audition piece. Auditions are essential to building a strong team for our upcoming performances and competitions.	\$52.00

10	Essential Equipment	As part of the application process for the Origins classical circuit, our team is required to submit a 2-3 minute audition video. To create a high-quality submission, we are planning two days of filming, with each session lasting three hours. CRCE MP rooms and most ARC MP rooms carry an hourly rate of \$13, bringing the total budget for six hours to \$78. We are seeking funding to cover this expense, as securing these rehearsal spaces is critical. Guaranteed access to the proper facilities not only ensures that we meet submission deadlines but also allows us to present our kathak routines with the professionalism, authenticity, and precision necessary to be competitive at the national level.	\$78.00
Initial Allocation Request			\$3,083.76
Allocation Reduction			(\$3,083.76)
Total Allocation			\$0.00

Services Funding App No. 2060 – Illini Medical Screening Society

- **Application Title:** Illini Medical Screening Society's Service Request for Essential Equipment for Medical Screenings
- **Description:** The purpose of the Illini Medical Screening Society is to provide low-income and uninsured citizens of Champaign County with a free medical screening service where individuals at risk for heart disease are referred to follow-up at local free health clinics. It is crucial to have the necessary supplies to carry out our mission, enabling people to receive efficient healthcare. It is not possible to continue helping the uninsured community without the essential equipment.
- **Connection to Mission:** The Illini Medical Screening Society (IMSS) is a registered student organization at the University of Illinois at Urbana-Champaign devoted to preventing disease through the process of medical screening and health care education. By using these services and equipment, we are able to selflessly help the underinsured community and inform more people about their health.

Services Funding App No. 2008 – Illini N Motion Dance Team

- **Application Title:** Illini N Motion Spring 1 Services Application
- **Description:** Illini N Motion Dance Team requires space to hold member-lead practices to learn and improve our dances for performances as well as uniforms for our performances throughout the year and for years to come.
- **Connection to Mission:** Our mission is to bring together members to practice and perform a variety of dance styles. Dance styles range from Hip-Hop to Contemporary, including Jazz, Tap, Modern, Lyrical and more. We are a student run and choreographed dance team, so in order to function we require funding to rent out Multi-Purpose rooms for practices and uniforms to use for our performances (required uniforms for several events/performances).
- **Primary Reviewer 1:** Devansh Nandwana
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Kedar Manda
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Multi-use uniforms must be required by a third party per the Standards. Since this requirement was not met, Line Item 1 is not fundable.

	Category	Item & Quantity	Total
1	Multi-use Uniforms	Female tank top performance uniform, \$14*37 = \$518	\$518.00
2	Taxes & Shipping	Sales tax on uniforms	\$45.22
3	Multi-use Uniforms	Male t-shirt performance uniform, \$14*1 = \$14	\$14.00

Services Funding App No. 2169 – Illini Speed

- **Application Title:** Illini Speed's Service Request for Recurring Ice Session Rentals and Essential Equipment for New Members
- **Description:** We require funding for recurring UI Ice Arena rentals so we can continue to host practices for students who would like to come learn and practice speedskating. Our essential equipment goes towards any students who comes to our practices so they can borrow skates free of charge as well as equipment for general RSO use to manage skates such as the sharpening jig, sharpening stones, and soakers.
- **Connection to Mission:** Our essential equipment and ice rental funding will allow us to support our mission of providing a place and the equipment necessary for coaching new and experienced speedskaters free of charge.
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Services Funding 1.3: Services funding can only be applied to items for use by members of the Student Organization.
 - **Assessment – Standards Evaluation:** This services application violates SORF funding standards because this appears to be open to "any students who come to our practices" which means it is not closed to members.
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Services Funding Table: Essential Equipment not fundable
 - **Assessment – Standards Evaluation:** Equipment such as boots and blades constitutes individual-use items.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items can be funded at full. The items requested will be kept with the student organization for new members who do not have equipment to participate in their activities. This is the intended use of Services funding.

	Category	Item & Quantity	Total
1	Recurring Space Rentals	14x 1.5 hour ice sessions at \$150 each at the UI Ice Arena for the fall semester	\$2,100.00
2	Essential Equipment	2x Short track boots at \$279.20 each for students that are new to speedskating and don't have equipment	\$558.40
3	Essential Equipment	5x Short track blades at \$285.30 for students that are new to speedskating and don't have equipment	\$1,426.50

Allocation Reduction			(\$0.00)
Total Allocation			\$4,499.90

Services Funding App No. 2275 – Illini Urban Farmers

- **Application Title:** IUF SORF Spring 1 Funding Application
- **Description:** We need equipment essential for various laboratory activities that we do with our members and they have come to expect. Activities like the transplanting lab or hydroponic systems are staple of the IUF club.
- **Connection to Mission:** With the equipment we our requesting, we will be able to show our members hands-on, practical ways to urban farm. Educating our community on how they can grow fresh produce is a key part of our mission and in our club they get hands on experience. Many for their first time.

Services Funding App No. 2189 – Illini Women's Hockey Club

- **Application Title:** Illini Women's Hockey Service Request for Ice Arena Time for Practicing.
- **Description:** We are making this request for services funding because in order to play our best during games, our players need the experience that only come with practice and spending time on the ice. Additionally, in order to make this affordable for our members, this funding is very important of our organization.
- **Connection to Mission:** Being an Illini and joining Illinois Women's Hockey means that you are honoring yourself, your school, the future of this program, and your college experience with the memory and relationship you create. Throughout the seasons, we encourage a strong unified environment, prioritizing leadership, professional experience, discipline, and teamwork. This statement embodies our ideals and being able to practice regularly promotes these traits and fosters a sense of community within our team. This in addition to the hockey playing experience that our member get, is essential for the continuation of our team and the growth of our players.

Allocation Reduction			(\$0.00)
Total Allocation			\$3,500.00

Services Funding App No. 2084 – Illini Women's Water Polo

- **Application Title:** SORF Spring 1 2026 Illini Women's Club Water Polo
- **Description:** Our organization is requesting Services funding because we typically start the season with less than \$5,000, which is not enough to cover our essential expenses. These include tournament entry fees, suit and cap costs, pool rentals, home tournament fees, hotel stays, and gas reimbursements for drivers. Additional funding would ensure that all members can fully participate in competitions and that we can continue representing our university effectively throughout the season.
- **Connection to Mission:** This Services Application directly supports our mission by allowing us to unite women who share a passion for water polo and teamwork through competitive play. SORF funding enables us to participate in Big Ten tournaments across the Midwest, host our own tournament, and pursue our goal of qualifying for nationals. These opportunities would not be possible without this financial support.

Services Funding App No. 2271 – IlliniReads

- **Application Title:** Kedar Reddy Manda
- **Description:** To make IlliniReads’s book discussions accessible to more students, we are building a small lending library of our Spring 2026 book selections. In February, we are reading The Love Hypothesis by Ali Hazelwood, and in March, The Thursday Murder Club by Richard Osman. We are requesting 25 physical copies of each book to loan to participants for the semester. These books will be reused each year, ensuring that all interested students, regardless of financial barriers, can participate in our literary programs and community discussions. The books will only be lent and will be part of the IlliniReads library.
- **Connection to Mission:** This Service directly supports IlliniReads’s mission to foster inclusive literacy engagement and community reading at the University of Illinois. Providing physical copies of our monthly selections allows all students to join the conversation without cost barriers. By maintaining these copies as shared resources, we ensure continued access to books that inspire discussion, creativity, and collaboration, which are values central to IlliniReads’s purpose of making reading a communal and enriching experience for Illinois students.
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Services Funding 1.3: Services funding can only be applied to items for use by members of the Student Organization.
 - **Assessment – Standards Evaluation:** This application violates funding standards as the services listed in this application are open to all "illinois students" which is unallowable as a services application.
- **Primary Reviewer 2:** Sam Royer
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items can be funded at full. The requested items are going to be loaned to participants but kept with the student organization. This is the intended use of Services funding.

	Category	Item & Quantity	Total
1	Essential Equipment	25 paperback copies of the Love Hypothesis	\$173.75
2	Essential Equipment	25 paperback copies of The Thursday Murder Club	\$184.00
Initial Allocation Request			\$357.75
Allocation Reduction			(\$0.00)
Total Allocation			\$357.75

Services Funding App No. 2056 – Illinois Club Dodgeball

- **Application Title:** Illinois Club Dodgeball Budget Request (Spring 1 Cycle)
- **Description:** We are making this request for Services Funding to be able to host our club that are enriching and valuable. This will require us to have funding for court equipment (dodgeballs, painter's tape, etc.), and extra opportunities like Nationals tournaments.
- **Connection to Mission:** Our mission is to introduce the sport of dodgeball to UIUC. To do this, we need to be able to have all equipment necessary for the sport while being able to use what we learn at practices at external tournaments.
- **Primary Reviewer 1:** Kedar Manda
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Dylan Sarsany
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Single Line items with multiple types of items cannot be funded (line item 1), as it needs to be one item type per line item. Multi-use uniforms must be required by a third party per the Standards. Since this requirement was not met, Line Item 3 is not fundable.

	Category	Item & Quantity	Total
1	Essential Equipment	Sting and No-Sting Dodgeballs, Finger Tape, Paint tape to mark the court	\$438.50
2	Recurring Space Rentals	Court Rentals for Practice	\$418.00
3	Multi-use Uniforms	Team Jerseys for New members to compete in tournaments	\$800.00
4	Essential Equipment	Registration Fees	\$450.00
Initial Allocation Request			\$2,106.50
Allocation Reduction			(\$1,238.50)
Total Allocation			\$868.00

Services Funding App No. 2274 – Illinois Model United Nations

- **Application Title:** Illinois Model United Nation's Request for Registration Fees and Equipment for member-run simulations for high schoolers.
- **Description:** Our student organization is making this request so our off-campus bank account funds can be used for items with higher costs, particularly flight and hotel costs for the travel conferences. This will reduce the conference costs that members will need to pay to attend the conferences. We also seek funding for our member-run simulations to reduce the burden of members in paying costs for them.
- **Connection to Mission:** The registration fees allow our members to attend conferences alongside college students from around the world, where they will gain greater skills in speaking and negotiation, and will also become more aware of current events and more internationally minded. The equipment costs for our members to run their own committees promotes the development of leadership and organization skills among our members as detailed in our mission, as creating and running one's own committee is an intensive and collaborative effort.
- **Primary Reviewer 1:** Matthew Roalkvam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 8: Recruitment and Membership; Prohibited Types of Items & Requests 6: Individual Benefit; Services Funding 1.3: Services funding can only be applied to items for use by members of the Student Organization.; Services Fund
 - **Assessment – Standards Evaluation:** Hoodies/T-shirts handed out to non-illinois students not fundable under multiple categories.
- **Primary Reviewer 2:** Sam Royer
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Services Funding Table: Essential Equipment not fundable
 - **Assessment – Standards Evaluation:** The shirts and sweatshirts are not necessary for the operations of the RSO and as such are not essential equipment. The gavels are technically single use since they will immediately given out, and as such fall under non-fundable essential equipment
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** Line items 1, 2, can be funded at full. Zero fund line items 3, 4, 5, 6, 7, and 8 as these items are intended to be used by high school students, who are not members of the student organization (see: Services Funding 1. Description c. Services funding can only be applied to items for use by members of the Student Organization.

	Category	Item & Quantity	Total

Services Funding App No. 2261 – Illinois Recreational Baseball League

- **Application Title:** Illinois Recreational Baseball League's Service request for Equipment and Recurring Field Rental
- **Description:** We are a rapidly expanding organization, and with every team we add, the pool of shared resources we have is stretched. We are hoping to continue that expansion by requesting funding. We also hope to improve conditions within the league.
- **Connection to Mission:** Our mission to provide the opportunity for any student or member of the local community to play baseball. Many amateur players lack the equipment they need to play. We hope to use this funding and our own personal funding to ensure they are able to play.
- **Primary Reviewer 1:** Matthew Roalkvam
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Services Funding 1: Items necessary for the success and operations of the student org in alignment with the mission/purpose on file with Student Engagement.;
 - **Assessment – Standards Evaluation:** Icy-hot is a single-use product.
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items can be funded at full. Single-use items relate to Projects, which is not the case here.

	Category	Item & Quantity	Total
1	Essential Equipment	This corresponds with purchase of helmets. We don't have enough helmets to ensure every baserunner and the batter has one. Helmets are critical to the safety of our players and they are not allowed to bat without them. This will not be a purchase we will have to make again.	\$149.95
2	Essential Equipment	This corresponds to the purchase of the Dicks brand baseballs. Without baseballs, our players will be unable to warm up properly. This leads to an increased risk of injury and poor performance. Also a baseball league cannot function without baseballs. This is enough for every team to have one bucket.	\$479.88
3	Essential Equipment	These will be our organization's game balls. They are higher quality and are beneficial to both hitters and pitchers.	\$159.99
4	Essential Equipment	This is for catchers gear. It is incredibly unsafe to play catcher without proper equipment on. These purchases will last years and drastically reduce injury risk.	\$399.98
5	Essential Equipment	This is for bats. Several teams are without proper bats and have to borrow them from other teams. These bats will last for years. You can't play baseball without a bat.	\$299.97
6	Essential Equipment	Icy hot is critical for soothing aching joints and muscles. Pitching and catching put a lot of strain on players and improper care can lead to long-term injuries.	\$71.88
7	Essential Equipment	Because we are an amateur league, there are bound to be instances where players are hit with baseballs. Having icepacks on hand will reduce bruising and swelling.	\$62.98
8	Recurring Space Rentals	This is an estimate for the rate of renting the field. We will be playing on 6 different weekends at a rate of \$140 a day. This field is high quality and has established a good relationship with us.	\$1,560.00
Initial Allocation Request			\$3,184.63

Allocation Reduction	(\$0.00)
Total Allocation	\$3,184.63

Services Funding App No. 2213 – Illinois Robotics in Space

- **Application Title:** Illinois Robotics In Space Request for Robotics
- **Description:** We need money to buy tools to build our robot.
- **Connection to Mission:** Our Robot allows us to compete in the NASA Lunabotics COpetition and fosters a passion in science and technology within our community, and inspires students and develops interpersonal skills through team-based engineering challenges
- **Primary Reviewer 1:** Robert Sanabria
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Line item 3 had a description in Onellinois that was removed due to a Onellinois system issue and can be considered for funding. Line items 1, 2, 3, 6, 7, 13, 14, and 15 cannot be funded, as tools must be applied for using a Programs application.

Total Allocation			\$535.18

Services Funding App No. 2209 – Illinois Space Society

- **Application Title:** OPEL Workspace Improvement & Technical Team Equipment Procurement
- **Description:** The Illinois Space Society (ISS) is requesting funding to enhance the OPEL (Optical Physics Engineering Laboratory) workspace and procure essential parts for our rocketry and aerospace projects. These improvements will ensure safer, more efficient operations for students participating in hands-on aerospace engineering and rocketry projects. The requested items support ISS's mission of providing experiential learning opportunities for University of Illinois students interested in aerospace, rocketry, and related engineering fields. This funding request includes both tools and parts necessary for the success of our student-led rocketry and aerospace projects and educational outreach programs.
- **Connection to Mission:** The Illinois Space Society (ISS) provides hands-on, interdisciplinary opportunities for students in space exploration, aerospace engineering, and related fields. Our mission emphasizes technical development, outreach, and professional growth to prepare the next generation of space industry leaders. This Services Application supports that mission by enhancing our workspace (OPEL), improving safety, and enabling efficient engineering projects central to ISS's experiential learning. Requested items, safety equipment, workspace upgrades, and rocketry components allow students to tackle real-world engineering challenges while outreach materials engage the broader Illinois campus community in STEM-related activities. Funding this application supports student-driven technical projects, education, and outreach.
- **Primary Reviewer 1:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Indira Bhagam
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Services Funding Table: Essential Equipment not fundable
 - **Assessment – Standards Evaluation:** The Kevlar Chute Protectors are listed twice at different price points, and Breakout Boards are listed three times under separate descriptions. It is unclear whether these are identical items purchased multiple times or represent distinct versions intended
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Evaluation:** All line items can be funded at full except line item 31, which is described as a cheaper alternative of line item 30 and "sus website, idk if it'll get approved". The hyperlink for this line item is also an error / not for the requested item.
- **Administrative Note:** SORF is not allowed to fund supplies for the University. As such, the application is not fundable.

	Category	Item & Quantity	Total

Services Funding App No. 2040 – Illinois Triathlon Club

- **Application Title:** Illinois Triathlon Club's Service Request for Uniforms and USAT Nationals Registration
- **Description:** We are applying for funding to support the costs of club members racing in USA Triathlon National Collegiate Club Championships, as well as to purchase uniforms which will be used by club members for the next several years.
- **Connection to Mission:** This application for SORF funding will directly support our mission to build and support a community of triathletes on campus. Covering the race registration fees allows Illinois students to participate in a club-level national triathlon competition, achieving their personal triathlon goals while positively representing this university. The tri suits, which are used by club members at several races throughout the year (and required to compete in Nationals), also help us represent the university, and can be expensive for students to purchase themselves. Both help us make the sport of triathlon more accessible to UIUC students.
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Services Funding Table: Multi-Use Uniforms not fundable
 - **Assessment – Standards Evaluation:** Line Item 2 does not meet the requirement for Multi-Use Uniforms as no documentation from a third-party requiring the uniform is provided. However, there is a reasonable argument to be made here that these suits are less uniforms and more equipment, which
- **Primary Reviewer 2:** Matthew Roalkvam
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Evaluation:** All line items can be funded at full. Line item 2 is equipment essential for the organization to function, which is fundable under Services Standards.
- **Administrative Note:** Multi-use uniforms must be required by a third party per the Standards. Since this requirement was not met, Line Item 2 is not fundable.

	Category	Item & Quantity	Total
1	Registration Fees	USA Triathlon Collegiate Club Nationals 2026 Registration	\$4,122.40
2	Multi-use Uniforms	Pactimo Threshold SS Tri Suits	\$851.25
Initial Allocation Request			\$4,973.65
Allocation Reduction			(\$851.25)
Total Allocation			\$4,122.40

Services Funding App No. 2223 – iRobotics

- **Application Title:** Spring 1 2026 iRobotics Services Application
- **Description:** iRobotics ensures the highest level of safety for all the UIUC students participating, therefore, it needs to meet the regularly updating safety standards to ensure a safe and wonderful working environment for all UIUC students free of charge.
- **Connection to Mission:** iRobotics' mission is to provide students of UIUC free of charge hands on engineering experiences which will help them with necessary technical and professional skills free of charge.

Services Funding App No. 2269 – Korean-American Scientists and Engineers Association

- **Application Title:** KSEA SORF SP26 Service Application
- **Description:** Our proposal brings together three interdisciplinary teams advancing AI, robotics, and renewable energy research. The Neuron Segmentation team develops a 3D deep learning model and GUI to analyze neuron structures from high-resolution EM images. The Solar Cell team builds a Light Beam Induced Current (LBIC) system with custom hardware and Python software for defect mapping in photovoltaic materials. The Wingman Robotics team designs a multi-agent robotic swarm using SLAM, sensor fusion, and autonomous coordination.
- **Connection to Mission:** KSEA at UIUC aims to promote scientific research, technological innovation, and collaboration among students in STEM fields. The three ongoing projects, Neuron Segmentation, Solar Cell LBIC System, and Wingman Robotics, embody this mission by fostering academic growth and research-driven impact. Through these initiatives, members strengthen their technical and analytical skills while bridging theoretical knowledge with practical applications in AI, robotics, and renewable energy. The requested SORF services and equipment are essential to support these projects, allowing students to engage in meaningful research experiences and contribute to advancing KSEA's mission of empowering the next generation of scientists and engineers.

Services Funding App No. 2172 – Mariachi Alma de la Universidad de Illinois

- **Application Title:** Mariachi Alma de la Universidad de Illinois Request for Essential Music Equipment and Mariachi Hairbows
- **Description:** Mariachi Alma de la Universidad de Illinois is requesting funds for essential music and audio equipment, including instrument and vocal microphones, microphone stands and music stands, and mariachi hairbows. The audio equipment will be used to improve our live performances, as it will allow for every instrument to be heard, and the music stands will provide a space to place our sheet music to view during performances. The mariachi hairbows are an essential part of our uniform, having been historically used by various mariachi groups in their attire.
- **Connection to Mission:** Mariachi Alma de la Universidad de Illinois aims to provide quality performances and represent Mariachi culture as authentically as possible. In a live setting, it is easy for certain instruments to get overshadowed by louder instruments. Instrument microphones fix this dilemma by amplifying every instrument's sound. Vocal microphones allow vocalists to be heard without being drowned out by the instruments. Music stands allow us to play the music as accurately as possible by providing a way to view the music during live performances. Mariachi hairbows are essential for mariachi attire, making them a necessity for our uniform.
- **Primary Reviewer 1:** Robert Sanabria

Allocation Reduction			(\$392.00)
Total Allocation			\$2,770.00

Services Funding App No. 2293 – NeuroTech@UIUC

- **Application Title:** EEG Headsets - 2 16-Channels + 2 IronBCIs
- **Description:** We are making this request because our organization has grown significantly in its scope and its capabilities, however in order to fuel those ventures we need to be able to demonstrate the nuances of the brain and brainwave data. Thus, we require EEG headsets to serve as educational tools within our workshops and to serve as the technology powering all of our work.
- **Connection to Mission:** NeuroTech@UIUC's mission is to educate, build a community, and to provide professional development to students. Educating students in neurotechnology requires education into the technology that neuroscience leverages the most: EEG. EEG signal processing and data analysis techniques are incredibly important to learn about, and it would be a disservice to our members to not be able to teach them about those topics. In addition, we need live data to demonstrate Event-Related Potentials (ERPs), another core part of neuroscience and neurotechnology.

Services Funding App No. 2163 – Organization for Latines in Audiology and Speech-language Pathology

- **Application Title:** OLAS Request for Educational Equipment
- **Description:** OLAS is requesting these educational equipment to further the education of our members. It is essential for our organization to help our members succeed. By having this equipment we will be better able to demonstrate aspects of speech and hearing science relevant to the career and current SHS classes.
- **Connection to Mission:** The equipment we are requesting is directly related to our major speech and hearing science. With this equipment we will be able to spread our mission of helping our members learn about the major and "ensure that our members feel confident and prepared when they graduate and join the field". While also helping them with current classes through study sessions. Having this equipment to visually demonstrate the anatomy of the ear or what an AAC device looks like will greatly improve their learning and success in their classes.

Services Funding App No. 2250 – Penny Dreadful Players

- **Application Title:** Penny Dreadful Player's Request for Microphone and Sound Equipment
- **Description:** We are requesting the funding for sound equipment because we currently have no microphones or amplifying equipment. Without this equipment, we are unable to provide quality sound to our audience. Some audience members, especially those with low hearing, have trouble viewing our performances. This equipment will improve our capabilities as a theatre company.
- **Connection to Mission:** One prong of our student organization's mission is to provide quality theatre to the campus community. At this point, our productions lack quality because we are unable to provide a reasonable level of sound amplification. We have received complaints from audience members with hearing aids, which brings up an accessibility concern for our group, which is really important to address when providing quality theatre. With the funding for this equipment, our quality of theatre would drastically improve.

Services Funding App No. 2103 – Political Science Graduate Student Association

- **Application Title:** Supporting Graduate Student Attendance at Political Science Conferences
- **Description:** Attending and presenting at academic conferences is a key part of professional development for PhD students. These conferences allow students to present their research and get feedback from their peers in a way that enhances their expertise and skillset. Such events also allow for professional networking opportunities so that students can interact with those who can assist them in finding grants, fellowships, postdoctoral positions, and faculty roles. The UIUC Political Science department will cover travel expenses for in-person conferences; however, the department does not cover registration fees, which are often a substantial financial cost to graduate students.
- **Connection to Mission:** Our mission statement asserts we seek to „Äenhance the academic, professional, and social experience of the Illinois Political Science graduate students by,Ä¶. Providing training events, academic resources, and mentorship to graduate students.,ÄÛ Financially support graduate students in conference attendance is part of this mission such that they are better equipped professionally to enter the academic job market, and receive mentorship from more senior scholars in the field of political science.

Services Funding App No. 2166 – Robobrawl

- **Application Title:** Spring 1 2026 ROBOBRAWL Services Application
- **Description:** Robobrawl ensures the highest level of safety for all the competitors and attendees participating. Therefore, it has to meet the regularly updated safety standards to ensure a safely educational environment for all participants.
- **Connection to Mission:** Robobrawl's mission is to provide competitors hands-on engineering experience and give back to the community through interactive and educational STEM experiences free of charge. Safety is a core component of our mission.

Services Funding App No. 2133 – Steel Bridge

- **Application Title:** Steel Bridge Funding Request for Competition Registration Fees & Uniforms
- **Description:** We are making this request to fund the individual registration fees that are mandatory for us to participate in competition, both at the regional and national level. These fees are too costly to ask our members to cover themselves, and we aim to bring as many of our active members to competition as possible. We are also requesting funds for team uniforms, which are also necessary for us to compete. These uniforms are necessary for the identification of team members during competition, which helps guarantee the safety of everyone involved. More information is provided in the documentation.
- **Connection to Mission:** Our organization's mission is to provide students with a collaborative hands-on experience in steel design and fabrication through the annual Student Steel Bridge competition. As such, these items are necessary for us to compete and fulfill the mission of our organization.
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Administrative Note:** Multi-use uniforms must be required by a third party per the Standards. Since this requirement was not met, Line Item 3 is not fundable.

Total Allocation			\$3,262.51

Services Funding App No. 2055 – Student Aircraft Builders

- **Application Title:** SAB Service Request for Essential Items for Tooling & Aircraft Building workshops
- **Description:** SAB constructs aircraft primarily using sheet metal and balsa wood, and helps students with learning sheet metal techniques. We are requesting a new workbench given that our current workbench cannot accommodate the number of students that are consistently attending our build sessions. We are requesting tooling equipment in order to either replace outdated equipment, obtain equipment we have run out of, replace equipment that wears out with time, or get new equipment for additional precision in our work.
- **Connection to Mission:** To maximize the learning potential of engineering projects, students need functional and precise tools to work on sheet metal. Using this tooling equipment is critical for accurately learning hands-on techniques for sheet metal fabrication; the core of our club's activities. Providing these tools ensure a productive atmosphere at the organization where students can effectively develop their skills and grow through gaining engineering experience. Moreover, a new workbench will keep the atmosphere high ensuring that everyone has space to work productively.

Services Funding App No. 2009 – The Prancing Pearls

- **Application Title:** The Prancing Pearls Service Request for Costumes and Recurring Rental Spaces
- **Description:** We are making this funding request because it is very crucial for us to have these costumes to extend the purpose of our organization. To perform in these events, we need costumes that will show the audience the type of dance that we do and to have enough flexibility in our costumes to create amazing choreography and give the audiences an amazing show. Also, the need of consistent rental spaces can help assure our team that we have a space for us to learn and team build with one another to become a stronger force and learn various technique skills.
- **Connection to Mission:** This services application relates to our mission because our main pillars are to promote community service, student retention, physical/mental health, and nurture leadership skills. The SORF funding can allow us to have amazing costumes to perform for the community and the campus at athletic events, cultural houses etc. The costumes can allow us to have unified attire and allow us to look professional and on one accord to catch the eye of the audience and new potential dancers for our organization.

Services Funding App No. 2122 – The Reel Readers Society

- **Application Title:** The Reel Readers Society Service Request for Books
- **Description:** Our organization currently does not have any available funds. We are requesting Services funding so that we can provide our members with physical copies of the novels we will be reading during the Spring semester. Having shared access to the texts ensures that all members can fully participate in discussions, regardless of personal financial circumstances. Providing copies also supports equity, encourages consistent engagement, and strengthens the overall learning experience.
- **Connection to Mission:** Our organization serves as a community for students who enjoy both literature and film. We seek to bridge that gap by providing members with opportunities to engage critically with novels and their film adaptations. This fosters meaningful discussion, strengthens analytical skills, and creates a shared cultural experience that aligns directly with our mission.

Services Funding App No. 2287 – Transportation and Development Institute Graduate Student Organization

- **Application Title:** 2026 T&DI Congress (ICTD)
- **Description:** The ASCE Transportation and Development Institute organization is planning to give the opportunity to Illinois Students to attend the 2026 T&DI Congress (ICTD), which will bring together experts and professionals from across the transportation and development, airfield and highway pavements, and APM and ATS sectors. Attendees will have the opportunity to network, share insights, and collaborate with global leaders, including researchers, system operators, project and construction managers, consultants, contractors, and academics working to advance transportation systems worldwide
- **Connection to Mission:** Part of our mission is to support the successful professional development of Illinois Students. Attending the 2026 T&DI Congress (ICTD) will allow Illinois Students to be updated with innovative and novel trends and topics in transportation field and will also allow them to network with outstanding transportation professionals and academics boosting their career growth.

Services Funding App No. 2161 – Untitled Musical Improv Co

- **Application Title:** UMIC Application for Essential Equipment
- **Description:** We have been trying to being archiving our shows and practices for our historical records but have been unable to do so satisfactorily as the phones we currently use to record die, need to be used for other reasons, run out of storage, overheat, etc. Dedicated cameras and their requisite accessories will solve this problem. With that problem solved, we'll need a way to store all of our new video content and a NAS is a perfect solution for our needs. Additionally we need musical instruments to make music and the battery to make music in more places.
- **Connection to Mission:** UMIC's mission statement specifically includes our mission to coach our "team through...historical/archival video content." Our current recordings are sub-par and often incomplete as a result of only using phones to record our shows. Also, once a show is recorded we have no where to store the data (that adds rather up quickly). This application will rectify that situation immediately by providing us with a dedicated place to store our video and dedicated equipment to record it, fulfilling our mission. Additionally our mission mandates music creation, this does that.

Services Funding App No. 2279 – Xtension Chords A Cappella

- **Application Title:** Xtension Chords Service Request for Essential Equipment for a Sound System
- **Description:** This organization performs A cappella music frequently around campus. A cappella music requires each and every voice to be heard, which creates a need for amplification. A sound board and speakers create the start of our sound system, making performances for the group more frequent, accessible and cheaper. This benefits the student body with higher quality, more frequent, and accessible performances. The system also prepares the group better for competition which represents the student body off campus.
- **Connection to Mission:** With an amplification our sound, the group is able to become even more competitive and most importantly accessible to all illinois students. Without a microphone system our performances are looked over as low quality or not accessible due to low volume. With a sound system, the group will be able to operate at our highest quality and with efficiency. Allowing for excellent performances all around campus for any and all students of the university.

Programs Pre-Denied, Reviewed Applications

Programs Funding App No. 2105 – Asian Law Students Association

- **Application Title:** 2026 ALSA Alumni Student Reception
- **Description:** The ALSA Alumni-Student Reception is an annual tradition hosted by the Asian Law Students Association. The event aims to provide a platform for current law students to network with alumni who are practicing attorneys in the greater Chicago area. The 2026 reception will be hosted by Taft Law Firm in Chicago, and the Dean of the College of Law, along with staff from the Career Planning Office and other departments, may also attend.
- **Connection to Mission:** This program directly supports ALSA’s mission of fostering professional development, community building, and mentorship among Asian law students. By connecting current students with alumni practicing in the greater Chicago area, the Alumni-Student Reception promotes career guidance, networking opportunities, and a sense of belonging within the Asian legal community. The event also strengthens ALSA’s ties with alumni and the broader professional network, helping students navigate their legal careers with greater confidence and support.

Programs Funding App No. 2091 – Baltic Club

- **Application Title:** V16 Celebration - Lithuanian Independence Day Celebration
- **Description:** V16 celebrates Lithuania’s Independence Day by bringing together students to honor the nation’s culture, freedom, and resilience. Through traditional food, music, and community, the event creates a warm space that reminds Lithuanian students of home while sharing their heritage with others. It fosters belonging, unity, and cultural appreciation across the campus community.
- **Connection to Mission:** This program directly supports our organization’s mission to celebrate and preserve Lithuanian culture while fostering community among students. By hosting V16, we provide a space for cultural expression, connection, and pride that helps Lithuanian students feel at home while inviting others to learn about and appreciate our traditions. It strengthens cultural awareness and unity both within our organization and across campus.

Programs Funding App No. 2226 – Global Surgery Student Alliance at UIUC

- **Application Title:** PPE Workshop
- **Description:** Our PPE Workshop provides students with hands-on training in proper use of personal protective equipment, including gowns, gloves, masks, and hygiene techniques. Through guided instruction and practice, participants learn correct donning and doffing procedures to reduce contamination risk and prepare for real clinical settings. This interactive program ensures students gain essential safety skills while fostering confidence in maintaining professional standards of care.
- **Connection to Mission:** This workshop supports our mission by equipping students with practical skills in surgical safety and infection prevention. By engaging future healthcare professionals in hands-on learning, we promote awareness, preparedness, and advocacy for equitable, safe surgical practices. This aligns with our commitment to global health education, mentorship, and creating opportunities for students to develop as leaders in advancing health as a human right.

Programs Funding App No. 2228 – Global Surgery Student Alliance at UIUC

- **Application Title:** Suturing Workshop
- **Description:** The Suturing Workshop is a hands-on training session designed to introduce students to fundamental wound closure techniques used in clinical and surgical settings. Participants will learn different types of sutures, needle handling, and knot-tying methods under guided instruction from experienced mentors or professionals. Through practice with realistic models or suture pads, students will develop dexterity, precision, and confidence in performing basic suturing skills. This workshop offers an engaging opportunity to apply anatomical knowledge, strengthen fine motor skills, and gain valuable exposure to clinical procedures essential for healthcare careers.
- **Connection to Mission:** This workshop supports our organization’s mission by providing students with practical, skill-based experiences that prepare them for future roles in medicine and global health. By teaching essential suturing techniques, we foster hands-on learning, mentorship, and professional development within a supportive environment. The Suturing Workshop empowers students to build confidence in clinical skills, reinforces the importance of surgical precision and patient care, and aligns with our commitment to education, readiness, and leadership in advancing equitable healthcare practices worldwide.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2231 – Global Surgery Student Alliance at UIUC

- **Application Title:** Scrub In + Hygiene Workshop
- **Description:** The Scrub-In and Hygiene Workshop is a hands-on training session designed to teach students proper sterile techniques and infection control practices. Participants will learn how to scrub in using gowns, gloves, and masks, while also practicing effective handwashing with tools like Glo Germ and UV light. This workshop provides a realistic introduction to surgical preparation and hygiene protocols, helping students build professional habits, understand the importance of maintaining a sterile environment, and gain practical skills that are essential for future clinical and healthcare experiences.
- **Connection to Mission:** This program directly relates to our Student Organization’s mission by providing students with hands-on opportunities to learn and practice essential clinical skills in a supportive environment. The Scrub-In and Hygiene Workshop introduces participants to sterile technique and infection control, both of which are fundamental to surgical and medical practice. By offering interactive, skill-based training, we help students develop professional habits, prepare for future healthcare experiences, and deepen their understanding of global health standards. This aligns with our mission to empower students through education, mentorship, and practical experiences that promote readiness for careers in medicine and healthcare.

Programs Funding App No. 2232 – Global Surgery Student Alliance at UIUC

- **Application Title:** Educational Crafts Workshop
- **Description:** The Educational Crafts Workshop offers a creative and engaging way for students to explore health and science topics through hands-on activities. Participants will design and build models, diagrams, or visual projects that illustrate key medical and biological concepts. This interactive approach helps reinforce classroom learning, encourages teamwork, and connects artistic creativity with healthcare education.
- **Connection to Mission:** This workshop aligns with our mission by promoting experiential learning and creative problem-solving in a supportive environment. By combining art and science, students enhance their understanding of medical concepts, improve communication skills, and develop innovative ways to engage with global health education and practice.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No

Programs Funding App No. 2260 – Illini Trombone Society

- **Application Title:** Megumi Kanda Recital and Masterclass
- **Description:** Megumi Kanda is a world renowned trombonist and currently plays with the Milwaukee Symphony Orchestra. She will be visiting campus and giving a recital open and free to the public and will also give a masterclass on the trombone.
- **Connection to Mission:** Our organization's mission is to assist the UI Trombone Studio, but also to help spread music and arts awareness to the rest of campus. Being able to bring in a world class trombonist such as Megumi Kanda would help us in our mission.
- **Illinois Student Attendance (estimated):** 95%, funding reduction of 5%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Devansh Nandwana
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** insufficient documentation for contractual fees, just says the price.
- **Primary Reviewer 2:** Ayesha Khan
 - **Assessment – Standards Met?** Yes
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** Both line items are lacking descriptions in the application, making the application not fundable. The supporting documentation also lacks any outside estimate for the performance fee. An email from the performer stating their rate, for example, would have sufficed.

	Category	Item & Quantity	Total

Programs Funding App No. 2273 – Institute of Electrical and Electronics Engineers

- **Application Title:** Board Game Night
- **Description:** The Board Game Night will bring ECE communities together by providing a place for students to socialize, make friends, and have fun. Students will get to choose from a variety of board games and play one with other students. This will naturally spark conversations, making it easier for students to interact with other students and become friends.
- **Connection to Mission:** Our student organization aims to build a vibrant community by organizing social events, networking opportunities, and fostering connections among its members. The Board Game Night will allow us to do so by bringing students together for a fun activity that everyone can enjoy. We are thinking of inviting faculty members as well to make this a networking opportunity for students.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Programs Table: Programming Supplies Not Fundable; Definition: Program
 - **Assessment – Standards Evaluation:** This Application violates SORF Funding Standards as the program "Board Game Night" doesn't relate to the mission statement of the organization "and therefore the items requested for the program are thereby not fundable.
- **Primary Reviewer 2:** Kedar Manda

Programs Funding App No. 2130 – Kick Brass - Brass Band

- **Application Title:** Kick Brass New Orleans Retreat
- **Description:** Kick Brass is a street performing band at UIUC, and wants to travel to New Orleans, the birthplace of street performing, to learn as much as possible from local musicians about their experiences and the surrounding culture of the city. We will perform and interview local individuals, and intend to bring back this knowledge and culture to help educate the campus about expressing creativity in new ways and appreciating a different part of music as we know it.
- **Connection to Mission:** This program supports our mission because it will directly impact how Kick Brass operates upon returning to campus in the Spring. With a new perspective on street performing, a deeper understanding of the culture surrounding the music in this historic area, and a newer appreciation and background on the local scene, and how it came to be, we will bring this back with us to share with students on campus, and encourage more collaborative street performances with new forms of expression that can be taught through open-jam performances, free workshops, and written/video learning tools.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2292 – Korean-American Scientists and Engineers Association

- **Application Title:** KSEA SP 26 SORF Programs Application
- **Description:** The KSEA Project Showcase is an academic and networking event organized by the KSEA UIUC Chapter to highlight ongoing student-led research and engineering projects. This year’s showcase will feature demonstrations from three core teams--Neuron Segmentation, Solar Cell LBIC System, and Wingman Robotics--presenting their technical achievements and prototypes. The event primarily targets Korean and Korean-American students in STEM fields at UIUC, providing a platform to exchange ideas, inspire future collaboration, and promote KSEA’s mission of fostering scientific growth and community engagement within the university.
- **Connection to Mission:** The KSEA Project Showcase directly supports our organization’s mission to promote scientific research, technological advancement, and collaboration among Korean and Korean-American students in STEM. By exhibiting projects such as Neuron Segmentation, Solar Cell LBIC System, and Wingman Robotics, the event provides members with an opportunity to share research outcomes, gain presentation experience, and inspire others to engage in technical innovation. This program fosters an inclusive academic community where students can exchange ideas, develop leadership skills, and strengthen their connection to KSEA’s goal of advancing science and engineering education.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Devansh Nandwana

Programs Funding App No. 2152 – National Association of Colored Women's Clubs, Inc.

- **Application Title:** National Association of Colored Women’s Clubs, Inc. (NACWC) Induction and Celebration of Service
- **Description:** The NACWC Induction and Celebration of Service is an inclusive campus event that honors the legacy of the National Association of Colored Women’s Clubs while welcoming new members. Open to all students, the event features speakers and reflections that highlight leadership, service, and the empowerment of women of color. It provides an opportunity for the broader UIUC community to engage with Black women’s history and be inspired to lead and serve with purpose.
- **Connection to Mission:** This program directly reflects NACWC’s mission of “Lifting as We Climb” by celebrating leadership, service, and sisterhood. Through sharing history, community values, and personal stories, the induction reinforces the organization’s commitment to empowering women and advancing social progress. It encourages attendees to engage in service and leadership, connecting NACWC’s founding principles to the modern student experience at UIUC.
- **Illinois Student Attendance (estimated):** 75%, funding reduction of 25%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus

Programs Funding App No. 2102 – Pre-Dental Club

- **Application Title:** UIUC Pre-Dental Club “ Midwinter Dental Conference Funding Request
- **Description:** The UIUC Pre-Dental Club is requesting funds for student travel to the 2026 Midwinter Dental Conference in Chicago. The conference allows pre-dental students to learn about the newest developments in the field, listen to professionals in the field via lectures, and network with admissions representatives from dental schools and practicing dentists. The experience exposes students to the field and better prepares students academically and professionally for dental school.
- **Connection to Mission:** The Pre-Dental Club's mission is to educate and prepare UIUC students for careers in dentistry through professional development, networking, and exposure to the dental field. Attending the Midwinter Dental Conference directly serves this mission by offering interactive education and direct exposure to dental professionals and admissions staff, enhancing members' knowledge and readiness for dental school and future careers.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%

Programs Funding App No. 2095 – Psych Bites Undergraduate Psychology Journal

- **Application Title:** Psych Bites Undergraduate Psychology Journal
- **Description:** We will be doing a stress management workshop featuring materials and presentations from McKinley Health with time after for de-stress activities.
- **Connection to Mission:** We want to provide easy and accessible ways for students to access psychology research without being overwhelmed with responsibilities. This event would help our writers/editors take a break and learn skills to manage stress during their writing deadlines and midterms to help them learn healthy ways to be a part of research opportunities.
- **Illinois Student Attendance (estimated):** 100%, funding reduction of 0%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 8: Recruitment and Membership; Programs Table: Programming Supplies Not Fundable;
 - **Assessment – Standards Evaluation:** Application states event is just for writers/members of journal, violating SORF's definition of a program.
- **Primary Reviewer 2:** Kedar Manda
 - **Assessment – Standards Met?** Yes
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** I agree with Board Member Hoppock's assessment. The Program reads as one that exclusively benefits "writers/editors" for the student organization, which violates the Standards listed by Board Member Hoppock.

	Category	Item & Quantity	Total
1	Programming Supplies	Bag of all purpose flour	\$2.54
2	Programming Supplies	Bag of balloons	\$4.32
3	Programming Supplies	Box of crayons	\$6.88

Programs Funding App No. 2114 – The Illini Swing Society

- **Application Title:** Courtyard Caper
- **Description:** We put on a live band dance at the Illini Union where we hire a band to play and we teach a beginner lesson before hand.
- **Connection to Mission:** This program helps us bring more people into our club and helps us teach people how to swing dance, as well as provides a fun experience for current members.
- **Illinois Student Attendance (estimated):** 70%, funding reduction of 30%
- **Will Illinois students be assessed a fee for entrance or participation?** No
- **Location of Event:** On Campus
- **Primary Reviewer 1:** Sam Royer
 - **Assessment – Standards Met?** Yes
- **Primary Reviewer 2:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Prohibited Types of Items & Requests 8: Recruitment and Membership; General Standard 6: Purchase Timing.; Definition: Program
 - **Assessment – Standards Evaluation:** The program requested is aimed at a recruitment related motive, which violates SORF funding standards. Also the purchase timing and program dates fall outside of the funding cycle. In addition the program is said to benefit only members of the organization
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** I largely agree with Board Member Sarsany's assessment. The application is missing line item descriptions in On Illinois, which makes the application not fundable. The Program dates begin outside of the funding period, and the supporting documentation does not indicate the signed contract for a past date is being used as an estimate for future expenses. The concerns over recruitment/membership-exclusivity are not as strong here given the event, by its nature, is sharing the mission of the student organization with the student body.

Services Pre-Denied, Reviewed Applications

Services Funding App No. 2233 – Global Surgery Student Alliance at UIUC

- **Application Title:** SORF Services GSSA
- **Description:** GSSA is requesting services funding to provide essential materials for hosting surgical education events on campus. These resources will allow us to engage students, increase awareness of global surgery, and build practical knowledge that inspires future leaders in healthcare and surgical innovation.
- **Connection to Mission:** This Services Application supports GSSA's mission by providing resources to host educational events that raise awareness of global surgery, OB/Gyn, and anesthesia. These events foster mentorship, inspire student involvement in sustainable surgical care, and unite our campus community with national and international networks advancing global surgery.
- **Primary Reviewer 1:** Colin Crook
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 9: Line Item Grouping.
 - **Assessment – Standards Evaluation:** Line Item 1 has no description and groups many items in one line item.

Services Funding App No. 2276 – IlliniFurs

- **Application Title:** IlliniFurs Services Funding Request for a New Club Banner
- **Description:** We would like to refresh our club banner to better advertise our club to Illinois students, allowing more UIUC students to experience the Furry Fandom on campus.
- **Connection to Mission:** The primary mission of the IlliniFurs is to help UIUC students meet other UIUC students who have a shared interest or curiosity with anthropomorphic animals, animation, art, music, or other artistic works. A new banner would enable more UIUC students to find out and become interested in the IlliniFurs, allowing our organization to continue providing meetings and gatherings for Illinois students.
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.;Insufficient Supporting Documentation;
 - **Assessment – Standards Evaluation:** This application violates SORF Funding standards due to the lack of any and ALL supporting documentation, violating Procedural Standard 10.
- **Primary Reviewer 2:** Colin Crook
 - **Assessment – Standards Met?** Unsure
 - **Assessment – Standards Violation(s):** Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** Line Item 1 has no item description but there is only one item being requested, this could reasonably constitute an exception to the expectation that line items are labeled..
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** Line item 1 is missing a line item description in Onellinois, meaning the application cannot be funded. Additionally, the requested item’s intended use is to advertise the club, which violates Prohibited Types of Requests & Actions #8 Recruitment & Membership.

	Category	Item & Quantity	Total
±	Essential Equipment		\$99.00
Initial Allocation Request			\$99.00
Allocation Reduction			(\$99.00)
Total Allocation			\$0.00

Services Funding App No. 2201 – MannMukti

- **Application Title:** MannMukti's Request for Merch for Visibility
- **Description:** MannMukti is requesting funding for executive board merchandise to help strengthen our organization's identity and presence on campus. As an organization dedicated to encouraging open dialogue on mental health within the South Asian community, visibility and representation play a key role in fulfilling our mission. Having matching apparel for our executive board fosters unity, professionalism, and approachability, qualities that are essential when hosting events, tabling, and connecting with students who may be struggling or seeking community.
- **Connection to Mission:** Branded merch not only helps the board present a cohesive image but also increases awareness of MannMukti's mission to remove stigma, improve mental health awareness, and promote self-care across campus. Ultimately, this initiative will help us better reach and support students while strengthening our team's ability to serve as approachable advocates for mental wellness.

Services Funding App No. 2126 – Momentum Dance Collective

- **Application Title:** Momemtum Dance Collective Request for Uniforms, Costumes, and Room Rentals for Dance Performances.
- **Description:** We need service funding to help our team receive the necessary items for performances.
- **Connection to Mission:** Our mission is to have a team that is inclusive of all dance genres and helps push students to express themselves through various types of music. With the uniforms, costumes, and room rentals, we will be able to perform and exemplify our mission to the public to it's full potential.
- **Primary Reviewer 1:** Luke Granger
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 8: Quantities.;Insufficient Supporting Documentation
 - **Assessment – Standards Evaluation:** Line item 1 and 2 there is insufficient supporting documentation. Line item 3 has no quantity.
- **Primary Reviewer 2:** Hayley Hoppock
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Procedural Standard 10: Supporting Documentation.;Procedural Standard 9: Line Item Grouping.;Insufficient Supporting Documentation;
 - **Assessment – Standards Evaluation:** Line item 1 violates SORF standards: no mockup, not required uniform, no line item quantity. Line item 2 violates SORF standards: no supporting documentation or line item quantity. Line item 3 violates SORF standards: no line item quantity about the number of practices.

	Category	Item & Quantity	Total

Allocation Reduction			(\$1,600.00)
Total Allocation			\$0.00

Services Funding App No. 2157 – National Association of Colored Women's Clubs, Inc.

- **Application Title:** NACWC Services Request for Operational and Quad Day Expenses
- **Description:** NACWC is requesting Services funding to cover recurring operational costs, including Quad Day registration fees, printing and promotional materials, and durable equipment such as banners and table displays. These resources are necessary to maintain the organization's presence and engagement on campus throughout the academic year. By funding these operational needs, NACWC can continue recruiting students, collaborating with other campus organizations, and hosting programs that benefit the broader campus community, without diverting member resources toward basic administrative expenses.
- **Connection to Mission:** This Services application supports NACWC's mission of „Lifting as We Climb,“ by ensuring the organization remains active, visible, and accessible to students. By funding operational needs, NACWC can sustain its outreach efforts, host inclusive programs, and provide mentorship and leadership opportunities to the campus community. Maintaining consistent visibility at events like Quad Day allows NACWC to educate students about its legacy, foster engagement, and promote diversity, leadership, and service, core principles that directly reflect the organization's mission.
- **Primary Reviewer 1:** Dylan Sarsany
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Services Funding 1: Items necessary for the success and operations of the student org in alignment with the mission/purpose on file with Student Engagement.; Prohibited Types of Items & Requests 8: Recruitment and Membership
 - **Assessment – Standards Evaluation:** All promotional and recruitment based funding violates SORF funding standards therefore Quad Day fees, the banner, and flyers are not fundable. Also the remaining line items are not essential for the success or mission of the organization.
- **Primary Reviewer 2:** Sam Royer
 - **Assessment – Standards Met?** Partially
 - **Assessment – Standards Violation(s):** Services Funding Table: Registration Fees not fundable; Prohibited Types of Items & Requests 8: Recruitment and Membership
 - **Assessment – Standards Evaluation:** The \$25 annual registration fee would technically fall under the not fundable registration fee table under "Fees for Registering Organization for Non-Programs/Events". The Quad day registration fee falls under Prohibited Requests #8, and cannot be funded.
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** The application is lacking sufficient supporting documentation. The document provided has no outside estimates for the price of any item being requested. In addition to this, the items requested appear to be for recruitment/advertising the student organization, which is not fundable under Prohibited Types of Requests & Actions #8 Recruitment and Membership.

	Category	Item & Quantity	Total
1	Registration Fees	Quad Day fees	\$40.00
2	Essential Equipment	Banner, tablecloth, reusable display board	\$75.00

 - **Assessment – Standards Violation(s):** Services Funding Table: Multi-Use Uniforms not fundable
 - **Assessment – Standards Evaluation:** Unsure if uniforms are fundable
- **Chairperson’s Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** This application cannot be funded. Membership Apparel is not fundable according to the Standards under Services funding (see: Table: Multi-use Uniforms).

	Category	Item & Quantity	Total
±	Multi-use Uniforms	Nike Potos	\$672.00
Initial Allocation Request			\$672.00
Allocation Reduction			(\$672.00)
Total Allocation			\$0.00

Services Funding App No. 2107 – Undergraduate Pre-PhD Society

- **Application Title:** Undergraduate Pre-PhD Society's Service Request for Mailchimp Essentials Plan (January-May 2026)
- **Description:** We're looking to have a mass mailing service (Mailchimp) funded for January-May 2026 (5 months total) because our member base is growing and we have been facing limitations on the current free service. The free plan is 1000 sent emails/mo, and we currently need to send 1060 emails/mo. The emailing list is estimated to grow to ~1300+ emails/mo next semester, and this paid subscription will increase our limit to 5000 emails/mo. By survey, most of our members get club information by the weekly emailed newsletter, so this is integral to the functioning of our club.
- **Connection to Mission:** Most of our club members get information on future club events via our weekly emailed newsletter according to our semester survey. By upgrading our mass mailing plan, we can allow our members to know when future events are upcoming. In relation to our mission, the weekly emailed newsletter helps us bring more pre-PhD students together to learn more about the pre-PhD process.
- **Primary Reviewer 1:** Hayley Hoppock
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Violation(s):** Services Funding Table: Essential Equipment not fundable;
 - **Assessment – Standards Evaluation:** All line items violate SORF standards: non-essential equipment.
- **Primary Reviewer 2:** Sam Royer
 - **Assessment – Standards Met?** Yes
 - **Assessment – Standards Violation(s):** 0
 - **Assessment – Standards Evaluation:** 0
- **Chairperson's Review:** Alex Koscielski
 - **Assessment – Standards Met?** No
 - **Assessment – Standards Evaluation:** Subscription Fees are not fundable under the Standards under Services Funding (see 3. Table). As such, this application is not fundable.
